We are offering our one-hour Express Level 1 session at Cypress Lakes

Tomorrow Thursday, November 15th at 4 pm

This one-hour session includes:

- Feeling Slope and establishing Break Direction
- Short Putts (<5') and medium putts (5' to 20')
- Choosing Correct AimPoints
- Capture Speed

Prerequisite: None

Cost: \$100

Rob Noel and Craig Trahan look forward to seeing you...

Putt better >

Black Friday deals

This week's special is good from now through Black Friday...

At least you don't have to line up all night to get them!

BLACK FRIDAY

#1 - Juniors will receive one month free with any RNGA program purchased at either Money Hill or Cypress Lakes locations.

New students ONLY.

#2 - 10% off all programs at either Money Hill or Cypress Lakes locations..

The Birdie
You now pay \$840

The Birdie includes:
- 6 hours of instruction
*Trackman
*Video Analysis

The Eagle
You now pay \$1560

The Eagle includes:
- 12 hours of instruction that includes:
*TrackMan Analysis
*Blast Putting Analysis
*Blast Training
PLUS....
- AimPoint Green Reading
- Course management concepts

The Double Eagle
You now pay \$2880

The Double Eagle includes:
- 24 hours of instruction that includes:
*Trackman Analysis
*Trackman Yardage Assessment
*Blast Putting Analysis
*Blast Training;
PLUS...
- AimPoint Green Reading
- Course management concepts

Congratulations to our RNGA students for placing in the Arrowhead Tournament:

Boys: Baker, Pazos, Stinson, Broome

Girls: Heaslip, Starr, Albright, Macias, Dill

What people are saying about us...

...We love to hear about your successes, so please don't forget to let us know.

"Since I have been working with Cissi, I have developed a larger shoulder turn which allows me to stay on plane. This has helped me trust my swing. Working on my balance has helped me rotate and drive with my legs and not sway. We have also worked on my stamina which makes those last holes as easy as the first holes, and my swing doesn't break down at the end of a round." ~ **Nancy Conravey**

Wanting a better game for yourself?

What are you doing to increase your stamina?

Choose THE 1 in a 1,000

Hit the sweet spot

Golf is a simple game actually. The swing is a circle. It returns a relatively large clubhead to a ball that hasn't moved.

And when you hit the sweet spot, it's a great feeling.

How easy is it to find the sweet spot if the heel of your club is making contact with the turf and the toe is raised?
Which way is the club face pointing if you do find the sweet spot?
Would this be a great swing spoiled by a lie angle that was too upright?

Many manufacturers today are building 'standard' clubs with very upright lie angles. They think that compensates for an over-the-top swing. But do you have such a swing? And how much over-the-top is it?

Hitting more great shots doesn't start with equipment. It starts with an assessment of your game; your athletic dimensions; and your golf swing.

We want you to hit more great shots

Let us help you hit more great shots. Let us check out your lie angles.
Get that right, and you'll be amazed at how much more accurate you are.
This applies to all golfers. Why waste a great swing?

Your wedge and ball flight

Getting technical

Being able to play 50yd wedge approach shots on a slightly lower trajectory with good spin, will add control to your short game. It will help you hit shots closer.

So how do you create spin with your wedge?

You learn to control "SpinLoft". SpinLoft equals your dynamic loft (the loft of the face at impact) MINUS your angle of attack.

There is a range for maximum spin – between 40 ° and 50°.

So an attack angle of -4° with a dynamic loft of 38° will create a spin loft of 42° .

That's a good number and, providing you're playing with a premium ball, a clean and dry wedge with sharp grooves, and making solid contact, you'll create real stopping power.

So why use a steep angle of attack to create a higher spin loft?

Above about 50° of spin loft, spin starts to be reduced! That's a startling discovery, isn't it? If the spin loft is too high, it seems the ball slides up the face of the wedge without friction, creating enough spin.

Come and learn to control ball flight

Being able to shoot the ball in with a slightly lower trajectory and the spin to check the ball quickly, makes distance control so much easier.

Come and learn how to play this shot.
