

Could you save 5 shots per round?

Fraction of an inch and a matter of degrees

If you want to be a better putter; to become deadly within 12 feet; then become a fanatic about your setup and posture at address.

Remember, if your face angle is just 2° out, from just 6 feet you're already going to miss. Every one of you can invest some effort into setting up with the putter face square to the target line.

A setup with your eyes inside, or outside the golf ball, makes it much more difficult to aim correctly. That might mean you're square to the wrong target line.

Most putters are 35" in length and that leads many golfers to stand too upright forcing their eyes inside the line of the ball.

Get a check-up

Improving your ability to square the putter face at impact will likely take up to 5 shots off your scorecard. There are some simple keys to that improvement. Setup and putter are part of that equation. So come and see us.

How good could you be?

A reason to stay connected

This might be one of the most compelling reasons to practice together with at least one friend.

If you've set out on a "Deliberate Practice Plan" to acquire a new skill or master a particular shot, then you need feedback. Get someone to video your swing. Now you can observe your setup, swing, and focus on the new movement you're after. We might think we're making a full shoulder turn, but what does the evidence show us.

You need someone to share a drink with

Getting friends to practice, provides the opportunity for fun competition, feedback, and a shared experience afterward. We'd be happy to help make your sessions as productive as possible with some extra advice and feedback.
