## Your fitting survey

### Could this be made easier for you?

We want to know how we can help you enjoy a better playing experience this year. We're not selling equipment or a fitting. We want to supply a better playing experience. What do you need? If you haven't completed our survey in the last couple of weeks, then

[Give us your answers now >](#)

*You're an individual. When it comes to equipment, you are indeed one in a thousand options. But the right option, the right technology, and a better technique make an approach shot, a moment of joy.*

#### **Fill in your survey**

That's why we'd like you to complete this survey and let us know what's most important to you and your playing experience.

[Complete now >](#)

#### **Have you got what it takes?**

This shot is worth an investment in your technique, the best technology, and the perfect fitting. Improve your "return".

## **The best for you**

### **Don't settle for what you have**

There's a famous saying from Dr. Bob Rotella:

*"Hit the shot you know  
you can hit, not the  
one you think you should."*

Great advice for when you're on the golf course in competition. But for most golfers, the implication of that is "most longer clubs stay in the bag forever". Most golfers struggle with consistency when using fairway woods, hybrids, longer irons, and sometimes even mid-irons, so how do you apply this advice? Do most of these clubs remain unused in the bag forever?

### **We have some sports psychology for you:**

*"This quarter, learn to hit a shot you can't hit consistently at the moment, and create more opportunities."*

### **Get a better experience**

By increasing the length of club that you can hit consistently from the fairway, you change your golf game. Escape from difficult positions becomes easier. Setting up opportunity becomes easier. Both of those lead to a better playing experience.
