Xtreme accuracy

We had a PXG Fitting day last Friday, and here is our Member **Jon Feldkamp** with Mike, chatting about how Jon discovered PXG.

Get the whole **X**perience at our fitting days.

We use the **TrackMan Launch Monitor**, and we can immediately see what happens when the person tries out a few different clubs.

In this example, the results of a 7-iron in just a few swings were outstanding.

If you couldn't make Friday and would like to speak to us about getting fitted,

Fitting for approach shot magic

Three dimensions for a
BETTER APPROACH

We want you to evolve your thinking about your approach shots. Get more demanding about the results you want. Work with us on improving your performance.

Let's start with what you should demand from the partnership that is your swing and your irons.

DISTANCE:

Adding distance means you're playing a shorter club. That means literally a shorter length club. That makes it easier to square the club face and launch the ball high and with accuracy.

ACCURACY:

Squaring the face to target and squaring the sole to the ground at impact means you'll hit more shots tighter to the target. Technique is important. Fitting is imperative. Yes, fitting is imperative to accuracy.

STOPPING POWER:

Once your approach hits the green you want stopping power. That requires spin and an angle of descent that means the ball will sit. So, you want technology in your iron that launches your ball on a great trajectory.

Now improve your approach

Book an assessment with us now. Let us look at your swing and technique;

your irons and how the technology helps you. Let us improve the three dimensions above. Improve these and it increases the number of magical moments on the course.

Enjoy the experience

Are your clubs in

THE CLOSET? 

Many of our golfers have gone south to homes in places where the winter encourages golf. If that's you, then enjoy yourself. Make the most of it.

If you've now "retired" for the winter, then we'd like you to think back to the golf season past. What gave you the most enjoyment?

The social experience and friendships made and strengthened.

Competitions won.

The pleasure of the game. and those

The pressure of the game, and those exceptional moments where a shot comes off.

The challenge of the game. The fact that there's always a skill to master.

Participating in an outdoor activity that helps with health and well-being.

Just being outdoors in beautiful nature.

The improvement journey. The personal challenge and the steps to being a better golfer.

A new record low score.

If you want to let us know

Please feel free to give us your thoughts. We'd love to read stories that better inform us of what matters most to you.
