## From Pierre's desk

It was great to see that so many of our members supported our Valentine's event this last Sunday. The feedback we got was extremely positive, and we will certainly be doing something similar in the future.

I was also happy to hear that so many of the non-golfers enjoyed the day out on the course. The format suits all golfers and non-golfers so that they can get out on the course and enjoy this beautiful game.

Please keep a close eye on future communications as we have something special planned for next month.

Congratulations to all of our prize winners and thank you again for your support.

Our course projects are going well and you should see a big improvement on the overall condition of the course. Most of the tee boxes we levelled are the red tees. Therefore, I would advise our ladies to perhaps consider moving back to the blue markers. Your handicap will adjust, and you will get a couple of shots added to your handicap. Apologies for the inconvenience, but you will see a big improvement on these tee boxes.

We hope to have all of the red tees playable in a couple of weeks' time.

Around the club house we have been busy with some maintenance work. We are painting parts of the club house and we have replaced the wooden door at the Pro Shop with a new aluminium sliding door. We are also finishing some work on the new covered patio area. This will all be done in the next few weeks and in time for Easter and school holidays.

Have a fantastic week and don't forget that it's our month end braai next **week Wednesday the 24th.**

Happy Golfing

**Pierre**

## New arrival in the Pro Shop

### Hot arrival to the San Lameer Pro Shop shelves

The **Callaway ERC Soft golf ball** has taken an exciting approach to the distance formula with an all new innovative hybrid cover.

This multi-material cover creates an exceptional combination of fast ball speeds for longer distance, incredibly soft feel, and higher spin in and around the green for excellent control and shot making ability.

It also features the latest triple track alignment aid that makes lining up those birdie putts considerably easier.

This ball is great for any golfers that wants increased carry and distance as well as one of the softest feeling balls in the Callaway range.

Don't compromise on the only piece of equipment that you use on every shot – play the ball that suits your game.

Visit San Lameer Pro shop today and one of our sales assistants/PGA professionals will have you playing the ball best suited to you!

### *A flying start* **Where the magic happens**

Between 50 and 60% of your shots are from 90 metres in. This is the scoring zone, and the secret to playing better golf and having more fun is here.

- 1) *How many shots does it take you to get into this zone from the tee?*
- 2) *How many shots do you usually take in this zone to get into the hole?*

*"We can use these two phases of each hole to benchmark your game and help you improve."*

**Let's get started >**

### **Break your barriers**

Once we know which phase of your game has the most room for improvement, we can focus our coaching attention there. Let's benchmark your game and set you up to break into a new level of scoring and enjoyment.

**Improve your game >**

## Distance or feel? **Now you can have both.**

More aggressive swing speeds need a high compression golf ball that delivers distance off the tee without losing any control into the green.

For this type of golfer, we trust the new Srixon Z-STAR XV to provide massive performance gains. Come and pick up a sleeve in the shop and experience the difference it can make to your game.

**Change someone's life.**  
*Give them the gift of golf.*

You know what it feels like to hit a good golf shot. You know what it feels like to sink a putt. It's a great feeling of accomplishment every step of the way on your golfing journey. Why not give that gift to someone?
