Another life-changing week for our superstar

Garrick edged Chesson Hedley to a 1-shot victory on Sunday at the Palmetto Championship at Congaree in Ridgeland, South Carolina. This was Garrick's second event on the PGA Tour after playing a few weeks earlier at the PGA Championship in Kiawah Island Resort where Garrick managed to make the cut in his first major appearance.

Our young superstar is the talk of the golfing world at the moment and De Zalze cannot be prouder of what an ambassador Garrick is, not only for De Zalze Golf Club but for South Africa.

This week we turn our attention to the 121st US Open which is held at Torrey Pines. Garrick will be paired with Cole Hammer (a. Joaquin Niemann).

The Winter Knockout is underway. Please make sure to visit the scoreboard in the courtyard to see who your next opponents are. Below is a reminder regarding the bookings of the matchplay games. Best of luck.

It is up to the lower handicapped player to contact, book and complete the knockout match before the deadline date. If the lower handicapped player doesn't make an effort to book and schedule the match the bottom player goes through. If the player on the bottom cancels and cannot make the rescheduled times, then the player on top goes through. If an extension on

the match is required this request must be sent to the tournament committee/captain and they will determine if an extension can be granted.

Welcome home to our chairman Roy Braxton who we are pleased to report is on a steady road to recovery, we look forward to seeing Roy back at the club. Our continued well wishes to him and his family.

Thanks to all our members for their continued support at the club. Our new gourmet-style bistro menu is doing well, as well as our coffee corner. It seems funny to imagine it not being there, it has become such a well-frequented feature. Thank you to the committee task team for their continued input into our food and beverage offering.

It so strange to go to sleep and wake up in the morning to changes yet again regarding the new level 3 restrictions. Once again, we will need to remind all our members frequenting the clubhouse that the restaurant and patrons need to vacate the restaurant by 21h00. This will allow for our valued staff to return home safely in time before the 22h00 curfew. We once again thank you for your patience and your continued support in keeping the De Zalze family healthy and the clubhouse a safe place to visit. Restaurant seating inside will be limited to 50 pax.

Special Father's Day offer by Blaauwklippen

Blaauwklippen, one of our wine ambassadors is offering a special for Father's Day.

The name Blaauwklippen, meaning blue stones, is said to be derived from the granite boulders found on the farm. Their flagship Bordeaux-style red blend - DBK 2017 - celebrates their rich history and ongoing spirit of innovation. It is a full bodied wine with a vibrant palate and plum-chocolate pudding notes that pairs well with serious meat dishes.

Chef and Wine Evening

Join us for our Chef and Wine Evening with Dalla Cia Wines and of course their famous grappa.

Dalla Cia...It all began in Friuli, Northern Italy, in the 1920s...

Competition time!

I love a good story and Cruxland Gin certainly has one.

The indigenous inhabitants of the Kalahari tell of secret treasures in the sand, sent down in crackling bursts of power from the skies. With knowledge passed down from generation to generation, the nomadic people of the desert would look to the heavens, watching thunderclouds and setting out when lightning struck. If they followed the signs, the search would lead them to the delicate x-shaped cracks in the arid earth. As it happens, these treasures are N'abbas: rare Kalahari desert truffles that burst from the ground when rain and autumn moisture cause them to swell. Rare even in their natural soil, these delicacies grow far apart and are hard to find without the help of a skilled N'abbas hunter. The local hunters searching for the 'Crux' (star shaped crack) in their 'land', that leads KWV to producing the only gin in the world that is infused with Kalahari Truffles, as well as 8 other signature botanicals that are indigenous to South Africa.

Question: Where does the name Crux originate from?

Prize: A bottle of Cruxland Kalahari Gin, a bottle of Cruxland Black Winter Truffle (limited release) and 2 Cruxland Gin Glasses. The lucky winner's name will be drawn from a hat and informed on email. Send the answer to Karen at marketingmanager@dezalzegolf.com.

Jaguar Ladies Open

The ladies pulled out all the stops with great prizes, an amazing day on the

golf course followed by a delicious lunch. Thank you to our Ladies Captain Hannelie Goosen and her team for all the effort and of course the sponsors who assisted in making the day a great success. De Zalze can be proud to showcase a day like that. Suzette from Peter Venter Properties kindly shared her delicious brownies recipe. Thank you, Suzette. Yummmm.

Start with an assessment

This changes everything

If I talked about swing fundamentals and goals, most of you would yawn. But the image on the left is the one we most often see. The image on the right is easier to achieve than you might think, and it will produce much better results.

By making a small change to the fundamentals of the golf swing most of you are playing with, we'd move from you steering the golf ball to you releasing the clubhead through the golf ball. That would make a significant improvement to your playing experience:

Certainly **EXTRA DISTANCE**. More than you might imagine. A surprise to everyone you play with.

Definitely **STRAIGHTER TEE SHOTS** and **APPROACH SHOTS**. More fairways from the tee. More greens on approach.

More solid, more consistent **BALL STRIKING**. More satisfaction at the end of every round.

Forget winning. Forget trophies. Hitting better golf shots makes the whole world a **BETTER, HAPPIER** place. Golf should be the therapy for life!

Would they matter?

Would playing second shots from further down the fairway and being able to hit consistent, more accurate approach shots, matter to you? Why not find out how much of an improvement could be made?

[Book an assessment >](#)

For **all shots** and **all golfers**

The new Srixon Z-STAR offers all the spin you need for more controlled greenside shots. But it's also packing serious speed for more distance off the tee.

Pick a sleeve up in the shop and experience the difference that these balls can make to your game.

There are very good reasons we feel so comfortable recommending Z-STAR.

Your perfect match
A smarter approach

Playing with the latest iron technology is only the first step to better approach shots. We need to match that technology to your swing with the right lie angle, shaft length, type, and flex. We'll take all the necessary steps to give you the ball-striking consistency you need to take your iron play to the next level.

Let's find your ONE >

A smart approach to better approach play

Let's make the most of technical innovation by fitting the latest technology to your physical dimensions, swing type, and game. Once we've done that, you'll find it easier to strike your irons more consistently and accurately. You'll experience the satisfaction of a successful approach more often.
