Dear Member,

Clubhouse update

The elevator is taking more time than anticipated to get repaired. Due to the loadshedding we had a few weeks ago and the subsequent power fluctuations one of the control boards were severely damaged. Our suppliers are exploring various alternatives to get us up and running again as quickly as possible.

We also encountered a blockage in the Heatpump System over the weekend, which resulted in not having any warm water in our showers. Whilst this is being resolved we have switched on the inline heaters to ensure we have a sufficient warm water supply.

We apologise for any inconvenience this is causing.

From Monday, the 4th of April, the Covid-19 screening desk will be removed. Please sanitise when entering the clubhouse and wear your mask indoors as per the current regulations. Thank you for your kind cooperation.

It was once again a stunning weekend on the courses. Both courses are playing exceptionally well, and we must give credit to Roger, Fanie and their team for the splendid job they are doing!

To give you some idea of the challenges they have been facing, from September 2021 (the start of our rainy season) we have recorded over 1400mm of rain. Johannesburg receives an average of 543mm of rain per year, so we are close to three times more than the average rainfall.

Winter is slowly but surely approaching and the trees on Bushwillow are starting to shed their leaves. Please keep a close eye on your golf ball if it does go in the general direction of those areas and please limit your search to 3 minutes.

Congratulations to all our winners

Competition winners
