## Titleist TS Drivers

Technology going to new heights and faster speeds

The crown, face, chassis, head shape, weight distribution, have all been redesigned to increase speed across the whole face while protecting launch conditions. The extra speed is combined with lower spin rates to create a longer carry.

## What motivates you?

The summary and what happens now

In the last three weeks, we've asked questions about what you most want out of your golf.

What is most important to you:  
the social, recreational  
experience or the sporting  
competition?

As you drive to the  
golf course, amongst  
all the important things  
you want to be right,  
what is the most important?

There are so many  
formats in golf. Which  
do you prefer the most  
and which do you least enjoy?

## Let us know

If you haven't answered these simple questions, and want to help, then we've combined them into one easy web page.
