Operation 36 Tournament results

It was a great day at Money Hill for the Rob Noel Golf Academy Operation 36 Tournament.

Congratulations to our winner, **Logan Heltz** who shot -3 from 200 yards.

2nd place **Riley Hnatyshyn** -2 from tips.

And tied for 3rd **Quinn Garcia** Even from tips, **Ava Heltz** from 50 yards, and **Joey Klucznik** from 25 yards.

32 players today and the tournament keeps growing!

RNGA students do it again!

Congratulations to Rob Noel Golf Academy students **Abbey and Kay Daniel**

They earned medalist honors in the U.S. Women's Amateur Four-Ball Qualifier at The Country Club of Louisiana. Team Daniel fired a 2-under par 70 to advance to Timuquana Country Club in Jacksonville, Florida, April 27-May 1. Great playing!

Testimonial Tuesday

"I have enjoyed learning the different aspects that we have reviewed. From the correct stance to the proper grip, and how the club face should stay aligned during the swing has given me a new appreciation for golf and hope that I can improve my game. I am looking forward to my next lesson." ~ **Tim Ament**

Please continue to send in your success stories - we love to hear from you.

Your fitting survey

The most difficult club

We'd like you to give us 3 minutes of your time to complete a survey that will allow us to provide you with a better and more personal service. With your individual responses, we get a much better idea of how we can help you. This is a win-win survey.

The fairway wood reveals all flaws. Its combination of: shaft that's nearly as long as the driver shaft; a face not nearly as big as a driver face; and usually for use without the advantage of a "tee"; make this a very difficult to use club.

Technique, head design, and fitting can either make this a tremendous club to carry and use; or a club not worth its weight in the bag. Where are you when it comes to your fairway woods?

Fill in your survey

Make it a winner

That's why we'd like you to complete this survey and let us know what's most important to you and your playing experience. The fairway wood can change your result on any hole: a great recovery club and a great club to set up an unexpected opportunity.

Think your way around the Par 3s

What's your average score on the Par 3s? For most of the golfers we see, improved game management would lower that average. The target and club selection are critical parts of game management on Par 3s.

On this hole, if you're going for the target area in the center of the green, take a club which, if you strike it well, will get you to the very back of the green. None of us hit the ball perfectly on most shots. We all usually come up at least a little short.

Jack Nicklaus believed he could improve any golfer's scorecard by more than a few shots if he accompanied them on the round and selected the club and target on every shot. He would play the percentages NOT expecting a perfect shot every time.

Make 3 important decisions a priority

That's an idea. If you and some friends would like to be accompanied on a round, then let's see how much better you score, if you let us help you with the percentages.
