

## We'd like to introduce...

### Our new Director of Club Fitting

We are happy to announce the arrival of our new Director of Club Fitting, **Michael Howes**. Michael began his golf journey in 1992 as a student of Rob Noel. In 2011 Michael entered into the golf business by opening practice/learning center in Springfield, LA. He has been passionately helping golfers improve their games ever since. Shortly after that, he accepted a position as Director of Instruction at Carter Plantation. Most recently he was the Head Golf Professional at Oak Knoll in Hammond.

Michael holds many certifications and has studied for 25 plus years under his mentor and Golf Magazine Top 100 Teacher, Rob Noel, PGA. Michael will bring a high level of professionalism and knowledge to the Academy. His primary role will be Golf Club Fitting, he is an excellent teacher and is wonderful with junior golfers.

Please stop the Academy to [meet Michael](#) and have him answer any of your club fitting questions.

## This season

### Sink those putts!

[Schedule now >](#)

**March 30th**

Aimpoint Read and Speed

1-3 pm

Instructor: Rob Noel

Cost: \$175

## Testimonial Tuesday

"Shot 71 Sunday. I have been stripping it! 12 out of the last 15 rounds have been 74 or under. Thanks Coach Nic!" ~

**Tanner McKenzie**

Where do you struggle with your game?

[Contact us](#) - we can help!

## Your fitting survey

### Don't neglect your options

We'd like you to give us 3 minutes of your time to complete a survey that will allow us to provide you with a better and more personal service. With your individual responses, we get a much better idea of how we can help you. This is a win-win survey.

[Give us your answers now >](#)

Too many golfers carry clubs in their bags they very rarely use and then don't have clubs they'd use on at least a third of the holes (if they were in the bag). How many wedges do you carry?

And while we're on the subject of clubs used on every hole; most golfers play with a putter that has a shaft length that was probably never validated as being the right length for them.

Was your putter fitted or was it trial and error?

#### Fill in your survey

That's why we'd like you to complete this survey and let us know what's most important to you and your playing experience.

[Complete now >](#)

#### You want it now

Are you one of the many with a handicap between 12 and 17 who could easily be single figures if only you had a better short game? Let's see.

[Contact us now >](#)

## The Par 3 Advantage

### Knowing how to use hybrids

The hybrid was invented to provide regular golfers with distance and consistency with longer shots. More forgiving and easier to use.

But we've picked up a lot of uncertainty amongst golfers on how to use hybrids. From the fairway, is it played like an iron or a fairway wood? And, is it the same when you tee up the ball?

You'll find a lot of Par 3's that are in the long iron/hybrid distance area. It's deliberate. On at least one or more of the holes the course designer wants to test the longer end of your approach-shot-bag. Make your hybrids your favorite clubs by learning how to use a hybrid from the tee and the fairway. It changes the game.

### Make Par 3 improvement a priority

Technique matters. It helps to make your playing experience as enjoyable as possible. Golf becomes more fun. Be proud of your technique. Be as good as you can be.
