Help us help you

Too many golfers carry clubs in their bags they very rarely use and then don't have clubs they'd use on at least a third of the holes (if they were in the bag). And while we're on the subject of clubs used on every hole; most golfers play with a putter that has a shaft length that was probably never validated as being the right length for them.

We'd like you to give us 3 minutes of your time to complete a survey that will allow us to provide you with a better and more personal service. With your responses, we get a much better idea of how we can help you.

This is a win-win survey. [This is your survey.](#)

Congrats to...

Liza Lapeyre

Who won the Optimist Qualifier this weekend shooting 77-36.

Well played Liza!

Improve your consistency

We will be hosting a free Golf Seminar on April 9th at 6pm.

**FREE EDUCATIONAL
Golf Seminar Tuesday, April 9th at 6:00 PM**

Testimonial Tuesday

Sarah Meral says she's hitting the ball better and farther since she started the TPI program.

She has dropped a club length.

Where would flexibility help your game?

[Contact us](#) - we can help!

Everyone wants forgiveness

The very best ball strikers too

The lower your handicap, the less space you have for error. So wouldn't it be nice to have a little forgiveness built into your game? But, first we know you don't want to compromise some key features:

Smaller profile

You want control over ball flight, so the profile of the club is smaller. The CoG is higher and closer to the face.

Forged

It's likely you want to "feel" the ball off the face and enjoy a great response through your hands. Incidentally, these clubs also provide a really nice sound on contact.

No offset

You have no trouble squaring the face so the shaft and clubface line up.

The great news is that the hitting zone has been extended on many better 2018 and 2019 Players Iron models to accommodate slight miss-hits towards the heel or toe. Ball speed is protected, and the distance the ball will travel is unchanged. That's a critical part of the accuracy a low handicap golfer must have.

Small change; Big improvement

Play the perfect partnership

Exploit the advantages technology is giving you, especially if you have little room for error in your round. But, don't neglect the biggest advantage: Get fitted for a setup that makes it easier to hit the perfect golf shot.

Contact us >

The best for you

Why make this journey?

We want to help as many of you as possible find new levels of joy and fulfillment from your golf. Experience that sweet moment, when you make perfect contact, and the ball flies high and long, and you know why you come back again.

We want more smiles. More times that you follow your shot and think “How cool is that!”. More moments of joy. More causes for celebration.

*If inconsistent ball striking
blights your game*

*let us improve your ability to
make solid, square contact.*

Get a better experience

What would cause you to smile more often on the golf course? What would give you cause for celebration? If “greater consistency” of ball striking will help deliver a smile or celebration,
