

Your fitting survey

Don't neglect your options

We'd like you to give us 3 minutes of your time to complete a survey that will allow us to provide you with a better and more personal service. With your individual responses, we get a much better idea of how we can help you. This is a win-win survey.

Too many golfers carry clubs in their bags they very rarely use and then don't have clubs they'd use on at least a third of the holes (if they were in the bag).

How many wedges do you carry?

And while we're on the subject of clubs used on every hole; most golfers play with a putter that has a shaft length that was probably never validated as being the right length for them.

Was your putter fitted or was it trial and error?

Fill in your survey

That's why we'd like you to complete this survey and let us know what's most important to you and your playing experience.

You want it now

Are you one of the many with a handicap between 12 and 17 who could easily be single figures if only you had a better short game? Let's see.

Start now with an assessment

No one expects you to be Jordan or Justin

How does your swing look? We want to look at it with you. We don't want to compare it to Jordan Spieth or Justin Thomas or Tiger Woods. We want to find the small, easy to improve areas which, if improved, make a big impact on your playing experience.

Setup

Too often we make it difficult from the start.

Takeaway

You've all read that apparently the rest is easy if this is right!

Backswing

How many photos have you seen showing the right position at the top?

Transition

*Despite telling us what went
before made it easy...*

Release

*Is this where we "throw the
clubhead at the ball"?*

Follow-through

*More than for show.
This will reveal everything.*

Start with a swing assessment

Six steps to an understanding of why your experience on the course is where it is.
We want to help you improve it this year.
