From the Club

Well-done on all your achievements over the last week...

Marco Anderson and **Lea van der Merwe** won the A-Division & C-Division of the GNGU 54 Matchplay Qualifier at Services. Unfortunately both lost their first round matches in the matchplay.

Isabelle Grutman broke 100 for the first time on Monday shooting a 97. She's been coming to Elsabe and Justin's Practice Club to brush up on her basics.

Kevin Naidoo had a hole-in-one on the 7th hole on Saturday and **Michael Brown** made an eagle on the par 4 2nd hole on Sunday! Awesome iron-play by both gents.

Kevin Naidoo

Michael Brown

You will notice from next week that our newsletter focus for October will be on improving your iron-play, so hopefully you will glean some tips from that!

Juniors can still take advantage of the Holiday Special...

Still valid for **26th, 27th & 30th September.**

Play golf; play the Pitch & Putter Mashie Course; hit balls on the range; enjoy a hamburger for lunch and get 3 bottles of water for R200. Visitors welcome.

BREAKING 80 or 90
EVERY WED 12h00-13h00

STARTING OUT or BREAKING 100
EVERY THURS 08h30 - 09h30

Product of the week - The NEW Cleveland Frontline putters...

The centre of gravity on this putter is in the front instead of the back. The weight has also been moved to the front to help you hit straight on line.

You will notice that there are two tungsten weights on both sides of the front of the putter. They are there to get the putter head square at impact, ensuring the ball leaves the putter face a lot straighter than most other putters. There are two models - one being toe-hang and the other face-balanced, to suit every type of putting stroke.

The putter has a beautiful, all-black finish and a thicker grip for control.

Pop into the golf shop to test drive one today!

Fitting for approach shot magic

Now **STOP IT**

You've hit a #6 or even #5 iron shot into the green. When it lands, is it landing hot or soft? Are you going to hold the green?

A club fitting is more than just allowing you to hit the ball further and more accurately. We want to find iron technology that will help you hit iron shots that hit the green and stop.

TRAJECTORY

Especially with your mid irons we want to be able to launch the ball on a good trajectory. We want you to be able to attack the green, or, if you're a better player, the flag.

DESCENT

We all know that back spin helps to stop the ball as it lands. But spin, along with launch angle is also going to influence the descent angle into the green for better stopping power.

Now improve your approach

Book an assessment with us now. Let us look at your swing and technique; your irons and how the technology helps you. Let us improve the three dimensions above. Improve these and it increases the number of magical moments on the course.

Make more magic >

Fall in love with golf

ENJOYMENT
matters to everyone.

It's not just children and young people that want to know that learning golf is a fun process right from the start. Anyone learning the game wants to

know that.

So introduce fun into someone's life.

If you have a spouse or sibling or friend that doesn't play golf, then introduce us to them. We can introduce them to the game making sure they're enjoying the experience right from the get-go. We'll make sure they're comfortable. We'll introduce them to people just like them. People who want to give golf a try. We'll help them make new friends and discover the thrill of a sweetly struck golf shot.

Send your details or contact us with their details.
