From the Club

Junior Pro Am...

Elsabe and Justin put on another successful Junior Pro Am last week. Not even the freaky cold day could dampen their spirits. They had a great time playing with our PGA professionals.

We'd like to thank all the Pro's that gave up their time to inspire and encourage a passion for the game of golf amongst our youngsters.

Twenty-seven kids from 5 to 18-years of age, all with different handicaps and abilities took part.

We encourage you to send your kids to **Elsabe Hefer** (082-922-8408) or **Justin Godfrey** (082-925-0236) – no matter how old or whether they can

play or not!

Congrats to **Team Joseph Phiri** featuring Juan Oosthuizen; Johan Graaf and Mathew Ehlert, who won on 82 points. They are all members of the academy.

Congrats...

...to **Lubanzi Tselane** who won the North West Under 11 Championships at Seasons Eco Estate last weekend.

Lubanzi Tselane

...to **Jontey Kotze**, a blind golfer who is coached by Justin Godfrey. He played in the SA Open for Blind Golfers at Glendower last week and scored 36pts & 28pts over two rounds to win his division. Well done to both Jontey & Justin!

Game of a lifetime!

Product of the Week

We have just received the new **Cleveland CBX2 wedges** in stock.

Chunk, flub, duff, miff — there are a lot of ways to say it, but only one wedge can fix it. If this sounds like you, then the Cleveland CBX 2 is the wedge for you.

More spin, plenty of versatility, and a whole lot of forgiveness. It's a cavity back wedge for cavity back golfers, and it's your ticket to better short game shots, every time you hit the links.

What are you buying?

More than anything, you want

confidence.

You want confidence that your Iron is going to help you hit a solid and accurate approach shot.

A recent check of 82 golfers found that 63% of them were playing with a lie angle at least 1° too upright or too flat. That's 52 golfers who are going to struggle for confidence.

confidence

Get fitted: Gain confidence

Why wouldn't you want to play with a lie angle that **HELPED** you hit solid accurate golf shots? Why wouldn't you play with a lie angle that **GAVE YOU**

Confidence? You should have a better lie angle.

PGA Tour's longest player wins with Srixon Z-STAR

Let's get your Irons checked. Let's help you build confidence in your Cameron Champ. Cameron Champ has won his second PGA tour trophy with two years of approach shots. Come and see us. Call us, or switching to the Srixon Z-STAR XV golf ball.

On his way to victory at this year's **Safeway Open**, Champ topped the Driving Distance and Scrambling rankings. An achievement no doubt helped by playing a ball that's long off the tee and soft around the green.

Consistently better

Please,
not the hands

What part of your body controls your swing? Too many golfers struggle with consistency because their hands (and arms) are too involved in their golf swing.

A swing controlled by the hands and arms depends too much on the finer, smaller muscles. Swinging on plane becomes difficult. Consistency of ball striking is impossible. And it's much more difficult to create power.

You need to let the large muscles control the swing to create consistency and power.

Test it out on the range

On the range, feel what part of your body starts your backswing and what part starts your downswing. Controlling the first movement of both the backswing and downswing with the correct part of your body can be a big pay-off for most of you.
