## Are you ready for the Rugby World Cup Final?

We are – and we've got you sorted if you also want to play golf. Saturday morning's field will be a shotgun start at 06h30 – motivation for that four-hour round! We'll help with a grab & go option at halfway.

We'll also have a one-tee start in the afternoon, from 11h30, which will help to accommodate people who want to watch the rugby & then play nine-holes! Call the golf shop on **(012)654-1144** or book online at [www.zwartkopcountryclub.co.za](http://www.zwartkopcountryclub.co.za).

## November Par 3 Eclectic

We are challenging you to a Par 3 Eclectic Competition in November. Places are very limited so make sure you enter in the golf shop as soon as possible. Entry is free and the best total nett score on all the Par 3s in November will win a **Cleveland Wedge**.

## Wingate / Waterkloof / Zwartkop alliance

We have an alliance between ourselves; Waterkloof and Wingate, which allows you to play at their courses at members' rates.

### **Please do remember to follow the rules when using the alliance: -**

- Bookings can only be made by our golf shop staff so contact Ian, Joseph, Vusi or Johan and they will make the booking on your behalf. Please do not arrive at Wingate or Waterkloof without an advance booking having being made by our staff!
- Bookings are subject to availability and can only be made one week in advance for games Monday to Friday and Sunday.
- Bookings for Saturday afternoons can only be made the day before.
- Saturday mornings are excluded from the arrangement.

## Product of the Week - Cleveland Frontline Putters

**Speed Optimized Face Technology**—SOFT—is how we fixed the distance problem. You know, like when you're sure you've hit a 6-foot putt, but the ball stops short at 5?

Turns out, that comes from miss-hits. By moving the centre of gravity to the front of the putter and having SOFT, a groove pattern on Frontline's forged aluminium face, speed is added on off-centre strikes. So hit it off the middle or... don't. You'll still get the same distance and therefore hole more putts.

## The new **CLEVELAND CBX 2 WEDGE**

### **Crisp contact each time**

When you're within 100 metres, you want to get your ball as close to the flag as possible. A more forgiving wedge makes it easier to do that.

Cleveland's new CBX 2 is that more forgiving wedge.

The CBX 2 will get you there.

### **Trust your wedge**

Most amateur golfers hit the ball near the toe. They know what it's like to see their ball fall short and right of the green. But with a sweet spot that extends to the toe, the CBX 2 makes it easier for you to trust your club.

### **Stick it to the flag.**

At the end of a round, take your wedges to the practice green and check your shot dispersion.

### **Sizing up the sweet spot**

A bigger sweet spot gives you better distance control because it makes the club more forgiving, making you more consistent. A heavy weight placed in the toe of the CBX 2 Wedge increases its MOI and perimeter weighting for extra forgiveness.

### **Let's go greenside and get you closer to the flag**

If you want to have more fun around the greens improving your wedge play is key. Let's get out on the course together and help you do both.

**Fix par 3 mistakes**

**COMING  
UP SHORT**

Many golfers fall short of par 3 greens because they select a club based on a perfect shot. But perfect shots are rare.

**No more EGO.**  
**No more UNDER CLUBBING.**

What matters more; hitting a good spot on the green or the number club you took to hit it?

**Know your NUMBERS**

There are four distances you should consider on each par 3. The distance to the front edge, back edge and middle of the green, and how far you hit each club in your bag.

Knowing these numbers and considering the size of the green makes it easier to select the best club for the shot.

### **Don't FORCE IT**

---

Never hit a hard number to reach the front edge of the green. Because if you don't get all of it, you will land short. If a perfect strike with a specific club gets you to the back edge of the green, that's a better option. Your swing should stay more or less consistent. It's the club that really adds or reduces the required distance.

### **Do you know your numbers?**

---

*Next time you're on the range take ten shots with the same club at the same target and note your average distance and dispersion.*

## Better course management

Swing improvement takes time, but good strategy brings immediate results. We'll help you make better decisions on the golf course that will put you into more scoring positions.
