This week's Hero is Ryno Naude...

Ryno came and chatted to Ian about a new set of irons. He got Ryno onto the driving range and fitted him with a set of Srixon irons.

Before the fitting, Ryno was shooting in the mid to low 80s. The next six games after his fitting, his scoring was reduced to the mid to high 70s.

He is hitting the ball better than ever but more importantly is enjoying his golf.

The gents in the golf shop are experts when it comes to making sure that you are correctly fitted for the equipment that you are using. Give them a call on **(012)654-1144 / (012)654-2111**.

We promise you that their input will help you to enjoy your game to the max!

Course conditions are
no longer a limit. The new
CLEVELAND CBX 2 WEDGE

Face any short game challenge

Out on the course you come across various surface textures, lie angles and distances. Your short game equipment should be able to handle this.

CBX 2 has a grind for every situation.

Whether you land on crispy fairways or light dirt, the V-shaped 46° - 52° sole is your go-to for full wedge shots.

Gone a bit wayward and hit a bunker or heavy rough? Pull out the S-shaped 54° - 56° wedge.

When you just miss the green and need to get it up and down, the C-shaped 58° - 60° wedge will do the trick.

Trust your wedge

Most amateur golfers hit the ball near the toe. They know what it's like to see their ball fall short and right of the green. But with a sweet spot that extends to the toe, the CBX 2 makes it easier for you to trust your club.

Got spin?

At the end of a round, take your wedges to the practice green and check your shot dispersion.

It's also loads of fun

Having the right equipment design is not just reassuring, it opens the game up to be more enjoyable.

x par mistakes

We love wedge play

Being able to approach wedge shots creatively makes the game a lot more enjoyable. You need to be able to work together and help you sharpen your short game.

FLAG HUNTING

Making the flag your only focus on par 3s, increases risk and closes off possibilities. And it often leaves you staring at double or triple bogey.

Beware of SUCKER FLAGS

“There’s a reason bunkers are often front right and left of the green; course designers know this is where amateurs usually miss.”

A chance at BIRDIE, but a SURE PAR

If you want to make more birdies, par 3s are not the holes you should be targeting. Landing your tee shot in the most achievable area on the green and leaving two putts for par is a much better approach. Flag hunting often leads to forced swings, loss of control and unnecessary bogeys.

The pros also struggle on par 3s.

Data from the PGA Tour shows that par 3s have the highest average score compared to par 4s and par 5s.

Better course management

Swing improvement takes time, but good strategy brings immediate results. We'll help you make better decisions on the golf course that will put you into more scoring positions.
