This week's Hero is Melanie Potgieter...

Melanie has been playing golf for around a year now. Over the last little while she has regularly attended our adult group classes and practice club sessions. She broke 100 for the first time last Saturday.

Well done Melanie! We can't wait to see your progress, and hope you continue to have fun out on the course.

Why don't you get Elsabe to help you reach your goals – give her a call on 082-922-8408 / elsabe@zwartkopcc.co.za to discuss what you would like to achieve.

Check out all our heroes on our [Hero Wall here](#).

Let us help you play better golf...

This week Elsabe advises you on your posture, to ensure a clean strike for your approach shot into the 5th green.

Play the shot. The new
CLEVELAND CBX 2 WEDGE

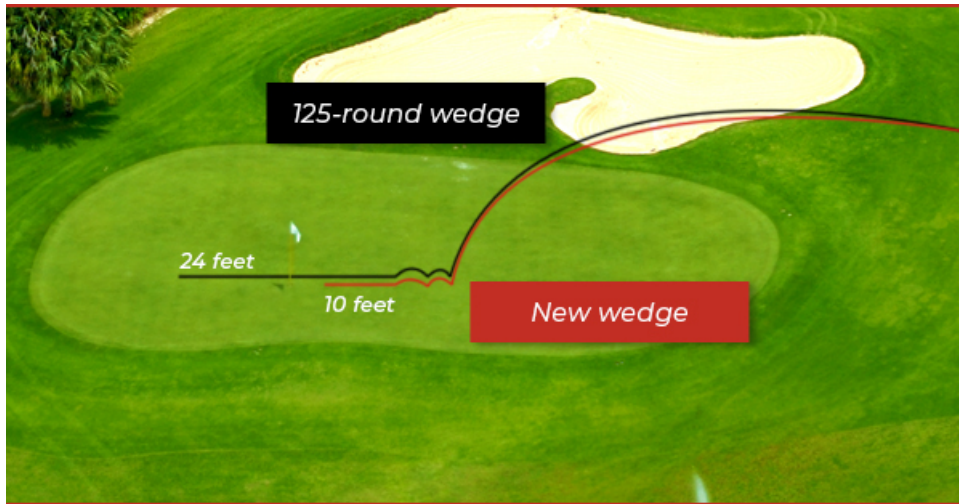

Easier shot placement

Every green is different. Size, slope, hardness, and flag location vary. Having added access to spin makes hitting your chosen spot on the green a lot easier.

The new Cleveland CBX 2 Wedge face has been created to give everyday golfers access to Tour-level spin.

More stopping power

14-foot difference

Rollout has been measured on a wedge that played 125 rounds versus a new wedge. The results showed that a fresh wedge can give you up to 14 feet more stopping power than an old one.

Stick it to the flag

At the end of a round, take your wedges to the practice green and check your shot dispersion.

Groove upon groove upon groove

Cleveland has layered their sharpest Tour Zip Grooves ever to give the CBX 2 Wedge a 4th generation Rotex Face, and give you easier access to added spin and control.

Are you a wedge wizard?

Better players want full spin when executing demanding open-face shots, and they want it from a more compact wedge design. For these players, there is the Cleveland RTX 4 Wedge.

Playing with an old wedge?

You could be selling yourself short. With today's equipment even having a great wedge technique doesn't mean you're accessing all the spin and control you could be. Bring your wedges to the practice green with us, and let's see where you are.

Fix par 3 mistakes

PLAYING FOR THE PERFECT SHOT

Many golfers base their approach to a par 3 on the ideal shot shape and then try to hit that shot. But using your natural shot shape to your advantage will help you hit more par 3 greens.

Work with your NATURAL SHOT SHAPE

If you know you tend to push the ball a little with a slight fade, you can count on aiming slightly left of your target on the green, instead of trying to force a straight shot or draw.

Never set up where a straight shot gets you into trouble.

Don't use hazards as markers to aim because if you do hit it dead straight, you're probably going to drop shots.

Know the DEADLY MISS

From the tee, identify the most dangerous hazard. Then think about how your natural shot shape pulls you into those hazards or helps you evade them. By understanding your swing you can set yourself up to minimise risk and hit the green more often.

Better course management

Swing improvement takes time, but good strategy brings immediate results. We'll help you make better decisions on the golf course that will put you into more scoring positions.
