Short Game Clinic

Last Thursday we hosted a Short Game Clinic with Elsabe tackling bunker shots, Joseph handling pitch shots and Dale doing putting.

We believe all the participants came away with a few tips in each area, which will help them to play a bit better.

There are many misconceptions around the short game and one of those is proven by the fact that very few people have lessons for their short game.

It's the easiest area of your game to shave off strokes, so why wouldn't you focus a bit more time on it?

We'll be doing another Short Game Clinic early in the New Year, so look out for it and make sure you sign up to take part.

Congrats to one of our caddies...

Julius Khoza had an albatross on the 4th hole during last week's Development League game here at Zwartkop. He hit driver & 6-iron into the hole – unbelievable!

What makes the
BIGGEST IMPACT?

Discovering what has the most impact on your scorecard is a fun start to your improvement journey. It's the first step on the way to shooting new lows. So, we want you to keep some simple statistics over your next 4 rounds and then we want you to come see us for an assessment. We'll start with fairways found off the tee.

You might be surprised by

*some of **THE RESULTS***

some of **THE RESULTS:**

If you compare your fairways hit over 4 rounds, does a higher number hit, translate into a lower score?

"The number of fairways found off the tee box is an important performance measure. And by the way, improving this statistic also influences how much you're likely to enjoy your round, as well as offering an opportunity to get you below 90."
