

Santa Says

Nearly every home was occupied, the Clubhouse rocked and the course played smoothly and stayed great!

It started late and ended early (schools in session early) but this holiday was busier on The Links than ever before. We hosted weddings, charity days, played the Annual with St Francis Bay GC, featured music from ABBA and Watershed, a comedy with Gino and Ian, hosted a full house for Christmas lunch and New Year's Day and did it all with one amazing team of employees and great casuals!

It's a family affair

The Bendemans lead from the front! Ernest and Jordy captured the **2019 Men's Member-Member** Partnership. Daughter Kate earned 5 distinctions at Woodridge College with 95% in Accounting and 94% in Mathematics. Nikki, not to be outdone, opened the popular Bruce's Coffee Shop, heading into the holiday season and turned it into the best new meeting place in the Village.

Fathers and sons dominate the Member-Member

Ernest and Jordy Bendeman set a record for the highest winning score as they combined for 38 points in the

final nine holes to out-distance the hard-charging **Barry and Ross Henebrey** who also charged through the field with 40 points in the combined Stableford. Defending Champions, **Chris and Jandre Lessing**, seized 3rd place with Club Champion, **Brent**, and **Theo Vos** coming 4th!

Revealing the lie

It does impact accuracy

Test after test conducted by golf magazines, club fitters, and even those trying to "bust" myths, substantiates the fact that you'll hit more accurate approach shots if your lie angle is a perfect match to your golf swing.

Irons toe down

Strike the ball with the toe slightly down and your ball will go right of the target (right-handers).

Iron heel down

Strike the ball with heel down and your ball will travel left of the target (right-handers).

The mechanics of this are obvious really. Make contact with the turf with the toe of the club and the club face will open. Make contact with the heel and the face closes. It's how imperceptible it feels to most of us, and how large the impact is, that surprises everyone.

Are your clubs telling a lie?

The best for you

Do you think you've hit a solid shot but missed on one side? Is it your setup, your swing path and face angle, or your lie angle? You'd be blown away to discover how many golfers play with a lie angle that makes the game harder. Make it easier to hit better golf shots.

An improvement changing your game

Get fitted >

If you want to go from experiencing an average golf game to a better golf game, where you take more frustration-free walks down fairways and then step with an excited bounce towards a green full of opportunity after your approach shot.

after a sweet approach shot.

Then often a small change, from steering the golf ball to releasing the clubhead through the golf ball, results in:

*Certainly extra distance.
More than you might
imagine. A surprise
to everyone
you play with.*

*Definitely straighter tee
shots and approach
shots. More fairways
from the tee. More
greens on approach.*

*More solid, more
consistent ball striking.
More satisfaction at
the end of every round.*

*Forget winning. Forget
trophies. Hitting better
golf shots makes the
whole world a better,
happier place.
Golf should be the
therapy for life!*
