

Captain's comment

Dear Members

We have noticed recently that the bunkers are often not **raked**, resulting in golfers getting very bad lies in the bunkers. We have recently filled the bunkers with new sand which takes a little while to settle in, but at a recent council meeting we also discussed the efficiency of the new rakes. It was decided that the rakes need to be replaced with rakes that suite our texture of sand which we will be doing in due course. We hope that when we receive the suitable rakes, that all golfers will again rake the bunkers leaving no foot marks, divots or ridges. Please try your best until the new bunker rakes arrive.

Please also **fill** all **divots and repair pitch marks**, especially now in winter when growth is slow and conditions are damp. Again, I remind you all that if everyone fills one divot per shot, and fixes one pitch mark on each green, we will not have one on the course. On a humorous note, I find the way I am currently playing golf helps with pitch marks – I don't hit many greens and then I putt from inside 50m. I then repair three pitch marks while my fellow golfers are putting, leaving the green better than when I eventually arrived.

Please click on [ASK THE CAPTAIN](#) to read some of the questions and answers.

Have a great week, and will see you next week after I return from my last camping weekend before the cold winter sets in.

Attached please find a copy of the [Competition Scoreboard](#).

A copy of the latest Rules and Regulations Edition 10 can be found on the following [link](#), as well as on the [website](#).

Yours in Golf,

Daryl Austin

Nicholas & Pietie's course news

Our course staff's main focus this week will be to finish squaring up our Yellow, White, Blue and Red tees (over time the tees loose their shape).

Please note that the white course will be closed from the 10/06/19 – 17/06/19 for maintenance (light aeration and repairing of high worn areas).

We are currently busy with the reconstruction of some of the areas at our workshop and will try and minimise the noise as much as possible. Your patience in this regard appreciated. We are still busy on the course with trimming our trees on the course. Our main objective is to trim away the dead branches and control the water veins in our trees. This encourages more growth in shaded areas and help control bark fungus.

QUOTE ME

Dear Golfer,

No one really likes change and while we are pleased that the major changes to the Handicap System are behind us, there are, however, still a few less disruptive ones to come.

This month we provide you with a broad overview of the current GolfRSA Handicap Rules and then highlight the changes planned to be introduced in October 2019, followed by the final changes to be introduced in January 2020 to comply with the World Handicap System launch.

Please don't worry if you don't understand some or all of it, because we will be going into more detail with both the clubs and you, the golfers, over the next few months – so there will be plenty of communication before any of the changes are introduced.

Herbert's Buy a Bed for Thembaletu project

Herbert's "Beds for Thembaletu project" is an ongoing project.

Thank you to the donator for the funds to purchase blankets. This goes hand-in-hand with the beds.

Winter is upon us and there are still children sleeping on the cold hard soil. If you have beds, mattresses or funds to donate please contact Sandra on **044 873 6116** or sandra@georgegolfclub.co.za.

WESSA

Dear Friends of the Environment,

Herewith the [WESSA Eden Newsletter](#) for June.

In addition to a report on our May outing to Rolbaken Nature Reserve there is information on our two June events:

On **Friday 7 June** we celebrate **Oceans Day** at the Fat Fish Restaurant with guest speaker Louw Claassens of the Knysna Basin Project. (Book directly on **044 874 7803** – space is limited!).

Saturday 15 June – Take a botanical walk in critically endangered **Knysna Sand Fynbos** in Brenton with CREW Outramps member Nikki van Berkel. Only 10 participants so booking is urgent and essential to Annemarie ONLY! Book via email on angebhar@telkomsa.net.

Enjoy the read!

Regards,

Christine Ridge-Schnaufer

Could you save 5 shots per round?

A simple test to benchmark your putting setup

The jury is out on this one. The evidence shows that, if one is more important than the other, then it's marginal. We think this myth has come about as the industry tries to educate golfers that weight is very important.

And it is.

If the angle of your putter face is just 2° out at impact then, even from just 6 feet you're going to miss.

If you miss most putts in the 6 – 12 foot range then the chances are you have a face angle challenge. For most, that problem starts at the address position. Benchmark your skill level:

Get a check-up

Improving your ability to square the putter face at impact will take up to 5 shots off your scorecard. There are some simple keys to that improvement.

So come and see us.

[Book a check-up >](#)

Enjoy the journey

Golf is the greatest game on the planet. Great playing experiences. Great social experiences. Amazing friendships. The healthy outdoors. Add a "journey" and the game becomes even better.

We want you to get more out of your golf and to play better golf. We all know better golf is more fun. But the journey that takes you to a better game should also be fun.

Fun starts right at the beginning of your journey.

Nine holes with two friends and one of our Professionals, playing a fun format, gives your Professional the chance to offer some thoughts on what that journey might look like.

Start in journey
