Club Champs 2019

Are you ready?

With our flagship event just around the corner, I hope that you are ready for an exciting **weekend of golf**. We are ready for you.

The golf course is looking spectacular after all the rain we have had in the past month. The greens are rolling very true, and they will be at their normal speeds.

The golf course will be marked, and the course setup will be prepared all on Friday morning. Enjoy the weekend and I will see you on the 1st tee. Please [click here](#) to view the tee sheet.

Ebotse Links League

Our **Handicap League team** played on Saturday against State Mines. State Mine came out firing and defeated the team 5/1.

Green Fees 2019

Please note as of the **1st March 2019**, we will have an increase in green fee and golf cart rates.

Upcoming golf days at Ebotse Links

Join us on the **7th of March 2019**, to help raise funds for Atlantic Campaigns in creating awareness on the single impact behind the use of plastic in our oceans and aquatic life.

The format will be **Four-Ball Alliance** and entry will be **R3 500 per four-ball** (this includes a welcome pack, prizegiving dinner and Halfway House voucher).

Contact Liam Blakeway on **082 578 1076** or via [email](#) to book.

Bring your family to Ebotse for a Family Fun Day

Leave the grass mower and the dishes, pack in your wife, kids and all, and enjoy a family day here at Ebotse Links on the **10th of March**. We have everything planned - from a jumping castle, slip 'n slide, putt putt competitions to a family market that's open for everyone.

If you want to join this fun event, book at **073 854 1285**.

We're looking forward to spending the day with you!

Feel the thrill

Two steps to the ride of your life

Generating longer distance from the tee with a perfect strike is made a lot easier if you're playing with two components fitted for your tee shot.

The shaft flex and the way the shaft performs needs to match both your clubhead speed and how you "load" the shaft. Do you have an even tempo or do you start back aggressively?

The clubhead design needs to work with your swing speed and strike pattern to transfer your clubhead speed into the maximum ball speed on the best trajectory with the optimum spin rate.

**Center of Gravity
location**

**Hitting zone size
and location**

Loft

CoG location has a much greater impact on launch angle and spin rate than golfers imagine.

This is an obvious search for golfers. Some drivers are designed to better accommodate certain strike patterns.

Loft is again an obvious selection criteria, but it's a selection that needs to take into account the shaft and CoG location.

We're delivering thrills

Creating the perfect match of ball speed, launch angle, and spin rate, maximises the distance you'll get off the tee. A change of just 1° and 500rpm can unlock 20 metres. How much potential can we unlock for you? Act now.

[Contact us >](#)

Effortless distance

You can almost "feel" the distance when hitting the new Srixon 6th generation Z-STAR golfball. If you want to hit it further, we can help.

[Speak to us >](#)

How good could you be?

Play together. Practice together.

Life needs more than work. Experts now believe that loneliness reduces your life span, mental agility, earning power, and ability to hit #7 irons closer. OK, maybe we added the last one, but not the rest. Those same experts also recommend exercise, but we'd also offer additional advice.

*What are you up for now? Oh yes,
protein shake and recovery
in a darkened room.*

*What are you up for now?
Try and walk to the bar after an
hour on that saddle!*

Golf is great exercise. Even hitting 50 – 70 shots practicing burns calories. Add a focus to that practice, and you gain the reward of accomplishment; a new skill acquired (with payback out on the golf course). And bring friends to practice. It's fun; it's feedback, it's a "recovery drink" in the bar afterward.

You need someone to share a drink with

Getting friends to practice, provides the opportunity for fun competition, feedback, and a shared experience afterward. We'd be happy to help make your sessions as productive as possible with some extra advice and feedback.
