Worth a spin

Clubs that fit your swing, size, athleticism, and your strength will not only minimise the impact of poor shots; they will make it easier to develop a better swing technique.

Yes,
—— **fundamentals matter** ——
performance/enjoyment

Sure, if you're shooting north of a hundred and missing the target with a wild slice or hook, then there are swing fundamentals to develop as a

priority.

There's compelling evidence that improving your putting and short game creates the quickest results on your scorecard. But does that lead to the quickest improvement in enjoyment? **You'll start each hole with hope**

Did you buy clubs on the rack?
and ambition.

If you didn't have a fitting to find the clubs with the right specifications to make it easier to hit better golf shots, then come along and see us. Often it isn't a matter of buying new clubs. We can change certain aspects of your existing clubs.

If hole after hole, you're hitting
—— **fairway after fairway** ——
how great is the game?

It's not so much that you've found the fairway that's enjoyable (although it is). It's the fact that you've set up an approach shot to the green and it's now all about opportunity and not recovery.

More fairways?
