It seems if you watch the adverts, that everything about the driver is now related to "speed". Faster clubhead speed. Faster ball speeds, wherever on the face you make contact with the ball.

But really, the starting point should be you. What is it you need? What improvement would most increase the enjoyment you get from your playing experience?

Fill in your survey

That's why we'd like you to complete this survey and let us know what's most important to you and your playing experience.

The Par 3 Advantage

Become a master of the Par 3s

Just 150 metres from the flag. You can place the ball on a tee, creating the perfect lie. This is an opportunity to put a low number on your card. For many, it's the chance for a net birdie. So what goes wrong?

We see four very common challenges. If you suffer from these, then they're easy to overcome.

Club selection

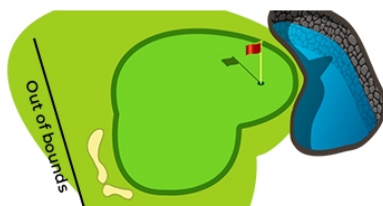

Most of you choose a club which, if struck perfectly, gets to the flag. As a minimum choose a club which, if hit perfectly, gets you to the back of the green.

Ball position

We see a lot of golfers tee the ball up awfully high when using an iron. You should be trying to create the perfect lie.

Game management

Technique

*Put the ball in the fat of the green
away from trouble, and you have more
room for error. Don't go flag hunting
when the risk of a 5 or worse is staring at you.*

*We still see a lot of long irons in bags.
They're tough to hit consistently. But many of those
who've converted to hybrids have never had
a lesson to learn the technique with this club.*

Make Par 3 improvement a priority

What improvement would make a difference to your Par 3 scorecard?
