## Welcome to the family

The Metropolitan Pro Shop welcomes **Jarryd Frauenstein** back to the team! Divan Davids resigned from his position here in the Pro Shop to pursue a career in the upholstery business. We wish him luck in his future endeavors!

## The Highlanders take on the Met!

The gents from the Highlanders Team took a break from rugby to join us for a round of golf at the Met on Wednesday Morning! They loved the course and the beautiful scenery!

## League finals at the Met!

The Masters and Mid-Amateur League Finals were played at Metropolitan on Sunday.

**Milnerton** won on games count in the Mid-Ams against King David Mowbray. The match finished 4-4.

King David Mowbray Masters were too strong for Clovelly winning 3-1.

Well done to all the teams!

## Sanlam Cancer Challenge

A BIG thank you to the members who participated in the Sanlam Cancer Challenge this month!

Since its launch in 1993, the Sanlam Cancer Challenge (SCC) has made great strides in creating awareness and raising funds for **CANSA** to conduct research, educate the public and provide support.

Your contribution has gone to help those who cannot afford an appointment for a screening get the help they need before it's too late.

## The Callaway Supersoft Magna!

Callaway has come out with a new, oversized golf ball that is easier to hit for those high handicap players! It was designed for those who struggle to make consistent contact and hit solid shots.

The Callaway Supersoft Magna is legal for play and conforms with the U.S. Golf Association and R&A Rules of Golf.

**Everyone wants forgiveness**

**And you want it all ways**

If your handicap is over 18, then there's a good chance that you either don't get great height on your approach shots, and/or often lose the ball to a fade or slice. There's technology to help: Super Game Improvement!

---

### **Large profile**

You'll notice that these clubs are quite thick. That moves the CoG deeper (further from the face) and lower. The launch angle of the ball will be much higher for better ball flight. The large face provides a huge hitting zone.

---

---

### **Wherever on the face**

There's going to be technology that protects ball speed heel/toe, and high/low. As much of the face as possible will spring right up to the legal limits.

---

---

### **Offset to cure a slice**

The offset will not only help to move the CoG deeper, but it also gives you more time to square the face at impact.

That will reduce or even remove your slice.

---

---

### **Stronger lofts**

The higher launch angle allows the designer to strengthen the loft to create added distance.

Shorter irons on approach make ball striking easier.

---

*Too many of our inexperienced and higher handicap golfers miss out on the fitting process. They don't think they're skilled enough. Where's the logic? "I'm not that good so I'll play with an iron that makes the game harder!" Get fitted. Make the game easier.*

## Changing shapes

Super game improvement irons used to look like mini metal woods. No longer. Materials, manufacturing and smart design deliver technical assistance in good-looking models. Talk to us. Let us show you. Oh, and let us FIT you.

**Knock it down. Knock it close.**

*Whether the wind is with you or against you, a **LOWER FLIGHTED SHOT** will be **LESS EXPOSED**.*

*Combine that with how much easier it is to nail your **DISTANCE TARGET** with a lower trajectory and you've got **POWERFUL MOTIVATIONS** to learn to play this shot.*

Played with the right technique and this shot spins a ton. The ball stops and even reverses. Setup and ball position at address are important. So is an angle of attack that is shallower than many of you have. You'll even see the very best slightly deloft the club at impact.

*Choosing between a high 56° wedge shot or a knock down three-quarter 52° wedge approach; the best players will take the knock down every time.*

## **Learn to play this shot**

If you want to be more accurate from 100 metres in; setting up more birdies or a par-save; then most amateurs would benefit enormously if they could hit their wedge shots on a lower trajectory with more spin. Come on.

Be better. It's time to learn a new skill.
