## Commemorating Moffat Veto

The Metropolitan Golf Club lost a very special team member on Monday morning. Moffat Veto had been with the club for many years and held a place in all of our hearts. If you knew Moffat, you were very lucky! He brought a ray of sunshine to our club with his contagious personality and always kept us all laughing, including himself!

Moffat was a great golfer with a single handicap. He played in the caddie league and always found time during work to sneak out on to the course!

I had the pleasure of working with Moffat for close to 2 years and I always said that I wish we all could be as happy as Moffat! We will all miss his presence here at the club. We will miss his laugh, the nicknames he gave

us, and of course, checking the lotto numbers every morning! Moffat was like family to those who worked beside him for so many years, and they were all very special to him. Please keep them in your thoughts.

Thank you to everyone here at the club who helped Moffat while he was in need. You are all very special.

May we keep him in our memories forever.

**Could you save 5 shots per round?**

### **Setup and practice**

That's right. Get into a better setup (with equipment that allows it). Add more focus to the face angle of your putter at address and at impact; and you'll sink more putts in the 6 to 12-foot range.

This is a bottom line investment.  
That's right. Your improvement drops  
immediately to your scorecard. So  
benchmark your current  
performance by taking 10x10 foot  
putts on a perfectly flat lie.

**Then consider at least two of three investments.**

1. A putter that fits you, allowing you to get comfortably into the perfect setup, with assistance to make sure your face angle is square to the target line.
2. An assessment and refresher to help make sure that, along with setup and posture, your grip and stroke allow the face to return square to target at impact.
3. Practice with aids to help make sure your face angle is as square as possible at address and at impact.

**Get a check-up**

Improving your ability to square the putter face at impact will likely take up to 5 shots off your scorecard. There are some simple keys to that improvement. Setup and putter are part of that equation. So come and see us.
