Achieving greatness on the course

EOGA

Golf Academy

This week was an exciting week for EOGA Arabella. We were so excited to see **Gail Witcomb** winning the Club Champs. Gail has been part of the Ladies' Clinic these last few weeks. Congratulations Gail, keep up the hard work!

Also, our other winners were **Thys Lourens** and **Reinold du Randt**. Pictured in the photo below Thys (left) won the **Men's B Division** and Reinold (right) is the runner up.

Gail, Thys and Reinold are all clients of EOGA and we are very proud of their achievements.

Young golfer takes the lead

Another achievement is young Morné winning his division with 10 shots at Devonvale golf course over the weekend.

Proud daddy Divan with Morné!

Morné won his division with 10 shots

EOGA is also very proud of this little champion and can't wait to keep working with him to see where his golfing journey takes him.

The ladies played through rain and wind

This past week, our Ladies' Clinic remained strong. Come hail or high water, these ladies are determined.

Why don't you join us this week? The Ladies meet on a Thursday from **9am to 10am**.

The perks of being a junior golfer

Our Juniors will carry on with their second lesson. They meet this Wednesday at 16:30. We're looking forward to see some great golf after these clinics!

If you want to better your game, whether you're a junior, student, working or retired, we want to help you achieve greatness in this sport!

Call André on **082 860 4977** or [email](#) him for coaching.

17 March ▪ 11 - 12 ▪ 20 March ▪ 4.30 - 5.30

March Training Focus:
 Putting - Chipping - Pitching - Long game
 with on course time at the last session

Your fitting survey

The most difficult club

We'd like you to give us 3 minutes of your time to complete a survey that will allow us to provide you with a better and more personal service. With your individual responses, we get a much better idea of how we can help you. This is a win-win survey.

[Give us your answers now >](#)

The fairway wood reveals all flaws. Its combination of: shaft that's nearly as long as the driver shaft; a face not nearly as big as a driver face; and usually for use without the advantage of a "tee"; make this a very difficult to use club.

Technique, head design, and fitting can either make this a tremendous club to carry and use; or a club not worth its weight in the bag. Where are you when it comes to your fairway woods?

Fill in your survey

That's why we'd like you to complete this survey and let us know what's most important to you and your playing experience.

Make it a winner

The fairway wood can change your result on any hole: a great recovery club and a great club to set up an unexpected opportunity.

The Par 3 Advantage

[Contact us now >](#)

Think your way around the Par 3s

What's your average score on the Par 3s? For most of the golfers we see, improved game management would lower that average. The target and club selection are critical parts of game management on Par 3s.

On this hole, if you're going for the target area in the center of the green, take a club which, if you strike it well, will get you to the very back of the green. None of us hit the ball perfectly on most shots. We all usually come up at least a little short.

Jack Nicklaus believed he could improve any golfer's scorecard by more than a few shots if he accompanied them on the round and selected the club and target on every shot. He would play the percentages NOT expecting a perfect shot every time.

Make Par 3 improvement a priority

That's an idea. If you and some friends would like to be accompanied on a round, then let's see how much better you score, if you let us help you with the percentages.
