A day out on the course

The Gauthey family is teeing it up!

Vivianne Gauthey and her husband **Jacques Gauthey** came for the TaylorMade Fitting Day. In the picture below they are trying out the new M5 and M6 Series.

The verdict

You might wonder why TaylorMade produced two irons in this category. But the fact is, the clubs are decidedly different. The M6 is the company's

first game-improvement iron to have a through-slot “speed pocket”. That frees up the low portion of the face to be more flexible and hotter over a wider area and reduce spin. A structure connecting the topline to the back bar using a beam enhances the speed slot even more and improves sound.

If you couldn't attend the fitting day, do not lose hope! Contact us and we can arrange a custom fitting with one of the Arabella PGA Professionals.

Golf tip of the week

Obey the C-line

To think like a champion golfer, draw an imaginary line between you and your ball on every shot. Call it the C-line for the commitment you're going to make to the shot before you cross it and step to your ball. Once you've made your shot selection and it's clear in your mind, cross the line and take your address position.

If you lose your commitment, step back behind the C-line and start the process all over again.

Most times it's all in your head. You need the confidence to know that you can make the next shot, and the commitment to focus on the shot.

If you're struggling with this, or maybe another aspect of the golf swing, [contact us](#) for a lesson.

How to become a real player

A forged decision without compromise for everyone.

If you want some assistance with consistency and distance, we can fit you to the perfect **Srixon Z585 Irons** for your game.

If you want to make shot shaping and control easier, then let us show you the difference a fitted **Srixon Z785 Iron** makes to your control and performance.

We highly recommend these irons to our golfers because they exploit innovation in a forged design to deliver a better look and feel to everyone, while offering specific improvements to different golfers.

This is the greatest game on the planet. Every shot that feels right is a beautiful experience. Let's create more of them and the game gets even better.

Step one

First we want to listen to your thoughts and observe your swing. We need to understand your constraints and opportunities.

Step two

Then we want to understand how improvement can change your experience and what would be most important to you. What is your real motivator?

Step three

Finally we agree on your personal plan for improvement. What can you achieve?
How to get there as quickly as possible?
It's your journey.
