## Tip of the week

### Read Your Lie

When the grass is against you in the rough (growing away from the target), put a firmer grip on the club, swing harder on pitches, and add at least one club for long shots. When the grass is growing toward the target (a flyer), swing easier around the greens and take at least one less club for full shots using your normal grip pressure.

To practice these and more expert tips, [book a lesson with us](#). You won't regret it!

# Centre of Gravity (CoG) matters

**To old & young, male & female, skilled & inexperienced**

Whether you swing your driver particularly fast or very slow, the CoG location of your driver impacts significantly on your tee shot performance and playing experience.

*Although the CoG location in different drivers might be a few mm apart (in depth and in height), it will have a significant impact on your launch angle and the spin rate on the golf ball. That really, really matters to your experience on the golf course.*

# 40 METRES

*Especially to those with slower swing speeds or those with very, very fast swing speeds the difference in tee shot improvement we can create, just by changing launch conditions, can be beyond 40 metres. That's not just a great feeling when you hit the ball further; that could mean an easier #8 iron second shot vs. a more difficult #5 iron. Who wouldn't want that?*

## **Fix your millimetres and metres**

Get every metre off the tee your potential deserves. Come and have a tee shot assessment and let's see how we can add 20, 30 and even more metres to your tee shots.

# A better life for them

## You didn't grow up like this

We used to hear about “computer game addiction” as a crisis with a few oddballs in far-away lands. There is now a “Fortnite Craze” – a computer game that has children locked in their bedroom. Addicted. And it's here and now. Not in far-away places.

Our whole society needs to react to these challenges. We need to find ways to create more fun and enjoyment in the real world. Golf is the greatest game ever invented. No requirement to be a jock. Boys and Girls. Very social. Outdoors. Healthy.

### **Let us add balance**

Have your child enroll into one of our group sessions to learn to play golf, and we'll have them outdoors, interacting, learning new skills, and having a whole stack of fun they can take out onto the golf course. They won't stop playing computer games, but for a couple of hours each time we'll have them off the phone, out from in front of the screen, engaging in fun activity.
