## It's the last week of school holidays!

Why not break away for a good old camping trip?

For only R425 (per person sharing) you get a full breakfast with a complimentary beer and boerie or just a burger at the Pool Bar.

### One big happy family

There's really something for everyone! While the kiddies are enjoying themselves on the jumping castle, water slide, putt putt or volleyball you and your betterhalf can enjoy a spa day or just relax in the heated pool. You as a family can also go horse riding, go on a game drive or watch a movie in the cinema.

## Your fitting survey

### Don't neglect your options

We'd like you to give us 3 minutes of your time to complete a survey that will allow us to provide you with a better and more personal service. With your individual responses, we get a much better idea of how we can help you. This is a win-win survey.

[Give us your answers now >](#)

Too many golfers carry clubs in their bags they very rarely use and then don't have clubs they'd use on at least a third of the holes (if they were in the bag). How many wedges do you carry?

And while we're on the subject of clubs used on every hole; most golfers play with a putter that has a shaft length that was probably never validated as being the right length for them.

Was your putter fitted or was it trial and error?

#### Fill in your survey

That's why we'd like you to complete this survey and let us know what's most important to you and your playing experience.

[Complete now >](#)

#### You want it now

Are you one of the many with a handicap between 12 and 17 who could easily be single figures if only you had a better short game? Let's see.

## The Par 3 Advantage

### Knowing how to use hybrids

The hybrid was invented to provide regular golfers with distance and consistency with longer shots. More forgiving and easier to use.

But we've picked up a lot of uncertainty amongst golfers on how to use hybrids. From the fairway, is it played like an iron or a fairway wood? And, is it the same when you tee up the ball?

You'll find a lot of Par 3's that are in the long iron/hybrid distance area. It's deliberate. On at least one or more of the holes the course designer wants to test the longer end of your approach-shot-bag. Make your hybrids your favourite clubs by learning how to use a hybrid from the tee and the fairway. It changes the game.

### Make Par 3 improvement a priority

Technique matters. It helps to make your playing experience as enjoyable as possible. Golf becomes more fun. Be proud of your technique. Be as good as you can be.
