Winter is coming...

When winter comes whirling in, we usually take cover under heavy jackets, woolly jerseys and duvets. The biggest challenge each morning is put one toe out of bed onto the freezing tile floor!

But winter can be fun, and warm, and snug. You just need the right people and the right setting!

Before winter properly sets in, make way for our Winter Special! This includes a bed & breakfast and a complimentary glass of red wine or gluhwein. Relax after dinner with a hot cup of coffee in the one hand and dessert in the other.

To book your winter retreat, call us on **051 871 4200** or info@blackmountainhotel.co.za.

Could you save 5 shots per round?

A simple test to benchmark your putting setup

The jury is out on this one. The evidence shows that, if one is more important than the other, then it's marginal. We think this myth has come about as the industry tries to educate golfers that weight is very important.

And it is.

If the angle of your putter face is just 2° out at impact then, even from just 6 feet you're going to miss.

If you miss most putts in the 6 – 12 foot range then the chances are you have a face angle challenge. For most, that problem starts at the address position. Benchmark your skill level:

Get a check-up

Improving your ability to square the putter face at impact will take up to 5 shots off your scorecard. There are some simple keys to that improvement.

So come and see us.

We want you to get more out of your golf and to play better golf. We all know better golf is more fun. But the journey that takes you to a better game should also be fun.

Fun starts right at the beginning of your journey.

Nine holes with two friends and one of our Professionals, playing a fun format, gives your Professional the chance to offer some thoughts on what that journey might look like.
