## On the tee with Trevor

**Saturday the 2nd of November** will be open for social and competition Golf  
(I.P.S.)

1 tee start from 05h30, the booking sheet is available in the Pro Shop.

### To all members and visiting golfers

The main water supply to the course was interrupted last Friday afternoon  
and only restored on Wednesday.

Many thanks to Lebu (Mangaung Water) and his team for assisting us.

In order to get the water table back up to where it should be (fairways  
especially), Rob has asked everyone to be patient over the next week or so  
while watering will take place both during the day and in the evening.

### HNA News

**Please take note of the important changes that have come into effect  
as from the 1st of October.**

As part of the transition to the [World Handicap System](#), we will be  
changing our maximum score allowed per hole, effective from the **1st  
October 2019**, to a Net Two Over Par (sometimes referred to as a Net Double  
Bogey).

The current method of determining your maximum score for the hole is a

maximum of 2 strokes over the par for the hole. The new method will be a

maximum of 2 over par, unless you have two Course Handicap strokes on a hole, in which case you must enter a 3 over par.

From the 1st October 2019, the maximum score on any hole for your Handicap Score will be a Net Two Over Par (or Net Double Bogey), which is equal to Zero Stableford points. *(Note: a net score on a hole is your Gross Score less any Course Handicap Strokes you have on that hole, while a Bogey is a 1-over-par score.)*

**Example:**

*If a golfer has a Course Handicap of 18, they get 1 handicap stroke per hole, so they must enter a maximum score of 3 over par on any hole where they blow out. If a golfer has a handicap of 9, then on stroke holes 1 to 9 they must enter a maximum score of 3 over par on those holes and, on stroke holes 10 to 18, a maximum of 2 over par.*

If you are in any doubt about maximum scores, please ask your club to assist you. Alternatively, you can enter your actual gross score on each hole on your HNA Phone App, the club terminal or at [www.handicaps.co.za](http://www.handicaps.co.za). The system will automatically adjust your score to your maximum allowed on a hole according to your Course Handicap when you press "Enter Score".

The effect of this change to the maximum score allowed on a hole will result in Handicap Indexes, on average, going up. However, the simultaneous change of the Handicap Calculation to the average of the best 8 of the last 20 scores on the 1st of October (as covered in this previous newsletter), should ensure that the overall effect on your handicap over time will be minimal.

**No more preferred lies/placing from 01 October 2019:**

Preferred lies / placing will only be in play should the golf officials or tournament committee deem a certain area on the fairway as GUR and allow preferred lies / placing for a day or a season.

It has been decided by the Committee of Bloemfontein Golf Club that we will continue with placing until such stage that the fairways are good enough to warrant no preferred lies.

It is important to note that if it has not been communicated to you that there are preferred lies/placing in certain areas, you assume that there is no preferred lie/placing.

# Raubex development

## Bridging the gap

We're excited about the new developments underway. A big thank you to Raubex, who has made it possible to rebuild the bridge! The rain can no longer stop us from playing our beloved sport.

# Betterball Matchplay

## Meet your match

A big thank you to the **Blair Group of Companies** for their sponsorship.  
Please note that round 3 is to be completed by the end of October.

## What are you buying?

It's NOT off the shelf

*find your one.*

Whether it's about improving a handicap, shooting low scores, winning competitions, enjoying great shots, or fulfillment from the game, **FITTING** is the **MUST HAVE**.

Golf equipment, especially an iron, is an assembly of the perfect parts for you. Lie angle, length, flex, loft, weight and grip means you can make sure your iron fits you.

Get fitted: Find your ONE

We'll keep telling you that you're one in a thousand. Yes. For each iron model there are usually around 1,000 variations of build. One will deliver more confidence, more magical moments, and more consistency and certainty.

## Let's find your ONE

The day you decide you want to improve your approach shots, remember you're not buying a new set of irons. You're buying so much more than that. You're buying something uniquely important to you.

# Consistently better

Power in golf doesn't come from the biceps.

Watch the women playing golf on tour. Many are really slender but power the golf ball much further than most men double their size.

They control their golf swings with their large muscle groups, and that allows them to generate phenomenal power from consistent timing.

So, if you're looking to get 'fit' for golf and want to improve your power and timing, then prioritize your gluteus maximus, your chest, latissimus dorsi and your core.

### **Start a great journey**

Don't wait on this. Transform your golf swing; transform your game; transform the enjoyment you get from the game. We'll make this a fun improvement journey. Learn to control your swing with your large muscles.
