

Hough's It

The Weather

Rain continues to be elusive, with just a teasing of dark clouds, thunder and lightning around, but apart from 1 whole millimeter of drops which happened upon us last night, there's been nothing of substance to e-mail home about.

The forecasts continue to show hot and dry, with only small percentage chance of rain for at least the next week or so, but which we hope can still develop into a few showers of at least some note.

We're still just about managing for now with our own water supply, but as decent rains stay away, it's going to get even more difficult to maintain a green golf course.

League News

The **Ladies Bronze Thursday** team tees it up tomorrow morning against Dainfern at Royal in the final of the Ladies Golf Gauteng Bronze division, so the best of luck to **Grizelda Ruiters** and her team of **Arnie van Opstal**, **Anne Hofman**, **Coleen Dee**, **Denise Shapiro** and **Sue Nurick**.

G/FORE has arrived!

G/FORE

What is G/FORE you ask?

Well, why don't you make sure you come in to the shop on Saturday 26th October and have your feet feel why this is the chosen brand for **Phil Mickelson, Bubba Watson, Brandt Snedeker, Alvaro Quiros** and even the likes of **Justin Timberlake** and **Michael Phelps**.

As much as G/FORE is about disrupting the golf space with fashion forward luxury, it's also about maintaining **class, functionality and comfortability**. It's about letting you open your shoulders when the par 5 is demanding a big tee shot and not having to worry about your spikes letting you down. Or rather you just don't want your gear getting in the way of a full shoulder turn.

Also, our lids are right on trend and some are roomier than others, giving you the space to think about getting 1up against your opponent before you've even teed it up on the 1st hole.

So come and chat with Weslev from G/FORE on **Saturday 26th October** for

a **free shoe fitting**... that might very well be your best decision this year!

What are you buying?

It's NOT off the shelf

find your one.

*Whether it's about improving a handicap, shooting low scores, winning competitions, enjoying great shots, or fulfillment from the game, **FITTING** is the **MUST HAVE**.*

Golf equipment, especially an iron, is an assembly of the perfect parts for you. Lie angle, length, flex, loft, weight and grip means you can make sure

your iron fits you.

Get fitted: Find your ONE

We'll keep telling you that you're one in a thousand. Yes. For each iron model there are usually around 1,000 variations of build. One will deliver more confidence, more magical moments, and more consistency and certainty.

Let's find your ONE

The day you decide you want to improve your approach shots, remember you're not buying a new set of irons. You're buying so much more than that. You're buying something uniquely important to you.

Consistently better

It's NOT
a *battle*
of the *biceps*

Power in golf doesn't come from the biceps.

Watch the women playing golf on tour. Many are really slender but power the golf ball much further than most men double their size.

They control their golf swings with their large muscle groups, and that allows them to generate phenomenal power from consistent timing.

So, if you're looking to get 'fit' for golf and want to improve your power and timing, then prioritize your gluteus maximus, your chest, latissimus dorsi and your core.

Start a great journey

Don't wait on this. Transform your golf swing; transform your game; transform the enjoyment you get from the game. We'll make this a fun improvement journey. Learn to control your swing with your large muscles.
