William Kehoe

*67-67 134*

### Super Senior Low Gross

John Stevens

*78-80 158*

### Super Senior Low Net

Butch Honaker

*72-68 140*

## Men's Fall Invitational

It is with great pleasure we invite you to participate in our fourth Men's Fall Invitational to be contested on Friday, September 13, 2019. Fall at Glen View Club is arguably the best time of year to play golf with the leaves changing colors and the golf course in great shape. The event format will provide an enjoyable day of golf with three different formats to play.

If you have any questions, please call the Pro Shop at **847-729-3611**.

# Get on the straight and narrow

## NEW Titleist Irons & Hybrids release in August

**Titleist** is releasing a new line up of Irons. For years, their irons have been marketed in the AP family. They are moving on with a new line up of irons loaded with technology. The **T-100, T-200, & T-300** will be replacing the AP line up. They are chasing 3 things with these new irons:

***Distance:*** Because who doesn't want more of that;

***Dispersion:*** Because who wouldn't want to hit it straighter;

***Decent Angle:*** Steeper Decent Angles help us hold more greens, and we would all benefit from that.

We tested them on the range last week, and along with the improved 3-D's listed above, we were impressed with the Look, Sound, and Feel.

We will have just received our fitting tools in the **Golf Shop**. If you are interested, please [sign up](#) for a time.

*Go on - feel their smoothness*

Get on the straight and narrow

# Center of Gravity (CoG) matters

To old & young, male & female, skilled & inexperienced

Whether you swing your driver particularly fast or very slow, the CoG location of your driver impacts significantly on your tee shot performance and playing experience.

*Although the CoG location in different drivers might be a few mm apart (in depth and in height), it will have a significant impact on your launch angle and the spin rate on the golf ball. That really, really matters to your experience on the golf course.*

# 40 YARDS

*Especially to those with slower swing speeds or those with very, very fast swing speeds the difference in tee shot improvement we can create, just by changing launch conditions, can be beyond 40 yards. That's not just a great feeling when you hit the ball further; that could mean an easier #8 iron second shot vs. a more difficult #5 iron. Who wouldn't want that?*

### **Fix your millimeters and yards**

Get every yard off the tee your potential deserves. Come and have a tee shot assessment and let's see how we can add 20, 30 and even more yards to your tee shots.

## **It's time to do something**

### **This is wrong, let's reverse the trend**

Between 2002 and 2012, the incidence of type-2 diabetes in children increased by 5% according to research done for the Center for Disease Control and Prevention. Further research indicates that we can expect to see an even faster acceleration by 2022.

You might think that golf isn't a sport or activity that burns the most calories. You might think that there are more intense sports. But you'll struggle to find a sport that gives a child so much.

## We know golf is good for children

If you have a child or grandchild, then let's get them started playing golf. We'll make it fun and enjoyable, social, and active. We want them to be healthier for their whole life. We want them to have those 5 years back. It's time to do something.
