# What is your game plan?

As the golf season ends, we don't want you to stop thinking about your golf. This is an excellent time to start reflecting on how this season has gone? How can you get more out of your golf going forward?

If we can help in the short-term, [let us know](#).

## Game improvement never looked this good

---

Same **SWING.**  
More **DISTANCE.**

The new Callaway Epic Forged Iron

## LET THE FACE DO THE WORK

*There's no need to force any iron shot. Swing easy, the Epic Forged will get you there.*

## FACE FLEX

You'll get added ball speed across the face thanks to Callaway's 360 Face Cup. A shallow rim extends around the face of the Epic Forged, flexing and releasing at impact to up ball speed and distance, whether you middle it or not.

## DISTANCE WITHOUT ACCURACY MISSES THE POINT

*Extra yards are gold, but not if they come at the expense of accuracy. When you're out on the range try to hit more than just distance markers and greens. Go for the flag.*

## Leave no yard untapped

Play with irons that make it easier to go further. We'll set your irons up so you can get every single yard you're capable of.

## What matters most to you?

It's the question

**'WHY?'**

Last week we asked if you could answer one question. With the ability to be entirely anonymous. We wanted to know how you viewed your position on a simple continuum. Where do you see yourself on your golfing journey?

At one end there's space for the person who sees golf totally as a competitive sport, and on the other end there's those that see it as a social and recreational activity. We're asking golfers to position themselves. Next month we'll publish a SUMMARY of how our community of golfers see the game.

### If you haven't already done so

So, if haven't given a response then please follow the link below. It's a very short and very private survey – no personal details required – so go on
