## If you have winter trips planned

We have the clothing for all your needs

The Swiss-based, internationally operating brand is famous not only for its ski collections, but also for groundbreaking golfwear.

**Save the date for our KJUS Ski and Lifestyle  
Trunk Show**

**Saturday, November 23rd from 12pm - 6pm**

In the Men's Pub

### KJUS Ski and Lifestyle Trunk Show

Saturday, November 23rd | 12pm - 6pm | Men's Pub

KJUS stands for sportswear made of innovative, high-performance material with a luxurious, clean design. KJUS apparel keeps your body climate balanced and protects you against extreme weather conditions.

Glen View Club • 100 Golf Road • Golf, IL 60029

[Let us know](#) if you have any questions.

## Black Friday

**Is approaching!**

And we have a not-to-be-missed Black Friday Holiday Sale

**Friday, November 29th from 9am to 5pm**

*Everything will be on sale with special "door busters".*

## Plans for 2020?

### Winter will be so much shorter

If you have some fun trips planned for 2020

#### 2020 Member Trips

We are in the process of finalizing our member trips for 2020 and will be announcing them shortly.

We will have the details on a couple's trip to Spain in October, which is going to be amazing! As well as a warm-weather destination in February 2020, not to mention a trip in the fall that the membership can sign up for.

Our next trip to Bandon Dunes will be in September of 2021.

Details on all of these trips will be available in the next week or two.

## November hours

### Pro Shop

Wednesday through Sunday 9am-5pm.

## Fitting for approach shot magic

Better accuracy,  
**MORE MAGIC**

Fitting you for better approach shots is more than just finding you the

perfect match of lie angle, shaft length, and shaft flex. It is also about finding technology that reduces the impact of poor ball strikes.

Fitting gives you the best chance of returning the iron face back to the ball square to the target line and with the sole square to the face. But even with the perfect fitting, none of us achieve this every time. So how does technology help?

#### **MORE CONSISTENT DISTANCE**

*If you make contact wide of the sweet spot, new technologies allow the face to flex as fast in those areas. That means consistent ball speeds and consistent distance. This is a critical part of the approach shot accuracy.*

#### **CONSISTENT LAUNCH**

*Distance isn't just a factor of ball speed. Launch angle and spin need to be protected. This is very important in the area where many less skilled players make contact: below the sweet spot.*

#### **HIGHER MOI**

*If the club can be engineered to twist less when you strike the face wide of the sweet spot then the face will remain squarer, and you'll be more accurate.*

## Now improve your approach

Book an assessment with us now. Let us look at your swing and technique, your irons, and how technology helps you. Let us improve the three dimensions of distance, accuracy, and stopping power. Improve these, and it increases the number of magical moments on the course.

**Make more magic >**

# Enjoy the experience

How many times

## DID YOU?

Looking back on your golf this year did you get better against one of the following four measures:

*Distance and consistency off the tee with a fairway found?*

*Your ability to hit the target with a #6 or even #5 iron?*

*The pleasure of the game and those exceptional moments where a shot comes off?*

*The number of times you sink a putt inside the 12-foot radius?*

### Tell us your story

So what did you improve, and by how much? What caused the improvement? How did you feel about the improvement?

**Give us your thoughts >**
