Fitting Days

May 4th - 5th

From 10:00am - 4:00pm

2019 Golf Equipment is all about speed and getting you further
down the fairways.

You don't want to miss out!

The poster features a green background with a large white tent on the right side. The text is primarily in yellow and white. At the top left is the 'THE GOLF MART' logo. Below it, the dates and times are listed. A crossed golf club icon separates the date information from the event details. The event details include 'EXCLUSIVE CLUB SAVINGS & RAFFLES' and the 'Del Mar GOLF CENTER' logo. The main title 'OUTDOOR FITTING DAYS' is in large, bold, yellow letters. The location and address are at the top right.

Make your next round extra special

If you follow pgatour.com, you can read some fantastic statistics. The distance Professionals are hitting the ball off the tee is fantastic. The

number of fairways found while crushing it is astonishing.

The thing is that along with their technique, skill, and athleticism; they're all maximizing the advantage the latest driver and ball technology can give them.

Why would you spend 200 hours playing your next 40 rounds leaving 10, 20, 30 and sometimes even more yards behind on every tee shot?

Professionals are playing for money. You're playing for so much more. You're playing to have fun and for fulfillment. Your time is precious. Spend an hour making sure your next 200 hours are extra special. [Contact us](#).

Everyone wants forgiveness

And you want it all ways

If your handicap is over 18, then there's a good chance that you either don't get great height on your approach shots and/or often lose the ball to a fade or slice. There's technology to help: Super Game Improvement!

Large profile

You'll notice that these clubs are quite thick. That moves the CoG deeper (further from the face) and lower. The launch angle of the ball will be much higher for better ball flight. The large face provides a huge hitting zone.

Wherever on the face

There's going to be technology that protects ball speed heel/toe, and high/low. As much of the face as possible will spring right up to the legal limits.

Offset to cure a slice

The offset will not only help to move the CoG deeper, but it also gives you more time to square the face at impact.

That will reduce or even remove your slice.

Stronger lofts

The higher launch angle allows the designer to strengthen the loft to create added distance.

Shorter irons on approach make ball striking easier.

"Too many of our inexperienced and higher handicap golfers miss out on the fitting process. They don't think they're skilled enough. Where's the logic? 'I'm not that good, so I'll play with an iron that makes the game harder!' Get fitted. Make the game easier."

Changing shapes

Super game improvement irons used to look like mini metal woods. No longer. Materials, manufacturing and smart design deliver technical assistance in good looking models. Talk to us. Let us show you. Oh, and let us FIT you.

The best for you

You can do this

We just need to improve one, some, or all of the following parts, and your playing experience changes more than your game. It changes everything for the better.

Setup

Too often we make it difficult from the start.

Takeaway

You've all read that apparently the rest is easy if this is right!

Backswing

How many photos have you seen showing the right position at the top?

Transition

Despite telling us what went before made it easy...

Release

Is this where we "throw the clubhead at the ball"?

Follow-through

More than for show. This will reveal everything.

Yes, this is a nice swing. It could be you. Getting these steps right, or at least better, makes a thrilling difference to your ball striking and the experience out on the golf course.

Get a better experience

What would cause you to smile more often on the golf course? What would give you cause for celebration? If greater consistency of ball striking will help deliver a smile or celebration,
