Nail your iron shots!

We hope you had a great 4th of July. We hope you lit up the golf course with your game and not fireworks!

The moment a firework explodes in mid-air is spectacular. In many ways it reminds me of the feeling I experience whenever I make perfect contact with an iron. It's not the actual contact. It's the feeling I experience as I watch the ball soar and travel towards the target. In some ways even if it comes up short or travels a little long, the fact that I hit it perfectly gives me that explosion of joy.

I'd like to encourage more of you to see the game of golf as a journey towards being able to have that moment more frequently. Let us be your guide. [Contact us.](#)

Revealing the lie

It does impact accuracy

Test after test conducted by golf magazines, club fitters, and even those trying to "bust" myths, substantiates the fact that you'll hit more accurate approach shots if your lie angle is a perfect match to your golf swing.

Irons toe down

Strike the ball with the toe slightly down and your ball will go right of the target (right-handers).

Iron heel down

Strike the ball with heel down and your ball will travel left of the target (right-handers).

The mechanics of this are obvious really. Make contact with the turf with the toe of the club and the club face will open. Make contact with the heel and the face closes. It's how imperceptible it feels to most of us, and how large the impact is, that surprises everyone.

Are your clubs telling a lie?

Do you think you've hit a solid shot but missed on one side? Is it your setup; your swing path and face angle; or your lie angle? You'd be blown away to discover how many golfers play with a lie angle that makes the game harder. Make it easier to hit better golf shots.

A better life for them

Have we reached a crisis point?

Our children are becoming slaves to social media. A 2016 study in North America concluded that the AVERAGE number of social messages a teenage girl processes in a day is 1,700. Yes, seventeen hundred.

Unbelievable, isn't it?

How do you process SEVENTEEN HUNDRED messages per day and do everything else? You need the hieroglyphics of the 21st century.

Let us add balance to their lives

Have your child enroll into one of our group sessions to learn to play golf, and we'll have them outdoors, interacting, learning new skills, and having a whole lot of fun they can take out onto the golf course. They won't stop playing computer games, but for a couple of hours each time we'll have them off the phone, out from in front of the screen, engaging in fun activity.
