A Better Plan to Play Your Best Golf...

We come across too many instances where golfers are not seeing the benefits of the modern equipment. In this day of technology, we are bombarded with data based on PGA Tour averages. The average PGA Tour player swings at 113 mph while the amateur male golfer generates 90 mph of club head speed on average.

At RNGA, we suggest using the LPGA data as a more accurate measurement for average male golfers clocking 100 mph club speed and lower. It is imperative that we match your load profile, loft, spin rate, and launch angle to your unique swing pattern. This can be done with a combination of proper club fitting and improved swing technique.

At the Rob Noel Golf Academy, we can do both! We can improve your swing technique and fit you with the proper tools to maximize your game, from putter to driver. Only teachers should be fitting your golf equipment.

Reserve your spot now and have your best Summer ever!

TRACKMAN GOLF		LPGA TOUR AVERAGES							trackman.com/golf
	Club Speed (mph)	Attack Angle (deg)	Ball Speed (mph)	Smash Factor	Launch Ang. (deg)	Spin Rate (rpm)	Max Height (yds)	Land Angle (deg)	Carry (yds)
Driver	94	3.0°	140	1.48	13.2°	2611	25	37°	218
3-wood	90	-0.9°	132	1.48	11.2°	2704	23	39°	195

# Final chance!

PGA Jr. League registration ends  
this Friday, April 26th

Cost will be \$275 for the season which includes uniforms, bag tags, and all the goodies.

**Here is this year's schedule:**

Sunday, **May 5th** Tchefuncte 3-5:30

Wednesday, **May 15th** Oak Harbor 5-7:30

Sunday, **May 19th** Tchefuncte 3-5:30

Wednesday, **May 29th** Money Hill 5-7:30

Sunday, **June 2nd** Beau Chene 3-5:30

Sunday, **June 9th** Beau Chene 3-5:30

Wednesday, **June 19th** Money Hill 5-7:30

Rain Day: Wednesday, **June 26th** Beau Chene 5-7:30

*To register for our PGA Jr. League, please search for Money Hill*

**If you can't sink 'em**

**Join 'em!**

After going through the AimPoint Green Reading education, you will never again have to guess at how much a putt breaks. **Any putt!**

Learn that putting is predictable and discover the most effective and reliable ways to determine the direction and precise amount of break for any putt, all based on gravity.

To be a winner join us for our Aimpoint Read and Speed Clinics:

**May 4th**

3-5 pm

\$175 per person

[Book now](#) and never have to guess again.

**Bored kids?**

**Never at RNGA**

A promotional poster for Rob Noel Golf Academy's Summer Golf Camps 2019. The background is a lush green golf course with tall pine trees under a clear blue sky. At the top center is the Rob Noel Golf Academy logo, which includes a small icon of a classical building and the text "ROB NOEL GOLF ACADEMY" and "Money Hill". To the left of the main title is a large, realistic white golf ball. The main title "Summer GOLF CAMPS 2019" is written in a large, bold, green font, with "2019" being significantly larger and set against a white brushstroke background. Below the title, on a dark green background, are the dates "June 18-21 or July 9-12", the time "9:00 - 12:00 pm", the age range "Ages 4-16", and the cost "\$275 per student". The address "77141 Money Hill Parkway, Abita Springs, Louisiana" is also listed. At the bottom, there are four small photographs showing children participating in golf activities: a group standing together, a group sitting on the grass, a child swinging a club, and a group of clubs and bags. Contact information and the website URL are provided at the very bottom.

# Way to go Liza

**Liza Lapeyre** had a great comeback this weekend shooting even par in last round to get T18 finish out of 42 players at **AJGA TaylorMade Junior All-Star Championship** at Chateau Elan in Braselton, Georgia.

*Great playing Liza!*

## Testimonial Tuesday

*"No way not to improve. Mike is so professional and as good a coach as anyone could ask for. He does whatever he has to to get his message across, and to get the student to understand what needs to be worked on and why. He makes sure they truly understand it and are working on the drills properly to achieve the correct results. If a student is willing to put in the time and work, Mike will guide them through the process to achieve "their" best swing possible."* ~ **James Webb**

**Not sure where your game needs help?**

Come in for an assessment and we can get you playing better!

# Everyone wants forgiveness

## And you want it all ways

If your handicap is over 18, then there's a good chance that you either don't get great height on your approach shots and/or often lose the ball to a fade or slice. There's technology to help: Super Game Improvement!

---

### Large profile

You'll notice that these clubs are quite thick. That moves the CoG deeper (further from the face) and lower. The launch angle of the ball will be much higher for better ball flight. The large face provides a huge hitting zone.

---

---

### Wherever on the face

There's going to be technology that protects ball speed heel/toe, and high/low. As much of the face as possible will spring right up to the legal limits.

---

---

### Offset to cure a slice

The offset will not only help to move the CoG deeper, but it also gives you more time to square the face at impact.

That will reduce or even remove your slice.

---

---

### Stronger lofts

The higher launch angle allows the designer to strengthen the loft to create added distance.

Shorter irons on approach make ball striking easier.

---

*"Too many of our inexperienced and higher handicap golfers miss out on the fitting process. They don't think they're skilled enough. Where's the logic? "I'm not that good, so I'll play with an iron that makes the game harder!" Get fitted. Make the game easier."*

## Changing shapes

Super game improvement irons used to look like mini metal woods. No longer. Materials, manufacturing and smart design deliver technical assistance in good looking models. Talk to us. Let us show you. Oh, and let us FIT you.

Contact us >

# The best for you

## You can do this

We just need to improve one, some, or all of the following parts, and your playing experience changes more than your game. It changes everything for the better.

### Setup

*Too often we make it difficult from the start.*

### Takeaway

*You've all read that apparently the rest is easy if this is right!*

### Backswing

*How many photos have you seen showing the right position at the top?*

### Transition

*Despite telling us what went before made it easy...*

### Release

*Is this where we "throw the clubhead at the ball"?*

### Follow-through

*More than for show. This will reveal everything.*

Yes, this is a nice swing. It could be you. Getting these steps right, or at least better, makes a thrilling difference to your ball striking and the experience out on the golf course.

## Get a better experience

What would cause you to smile more often on the golf course? What would give you cause for celebration? If greater consistency of ball striking will help deliver a smile or celebration,
