The gift of golf

Don't forget Dad!

RNGA offers gift certificates for any occasion.

Father's Day is June 16th - so why not buy him something he would enjoy this year?

Friends! Outdoors! Fun!

When your kids learn to play the game of golf, they are not just learning to play golf.

They are building relationships.

They are outdoors instead of playing video games.
They are learning a sport which they can share with family members no
matter what the age difference.

Give them the gift of a great sport this summer.

Sign them up for our summer camps.

A promotional poster for Rob Noel Golf Academy's Summer Golf Camps 2019. The background is a lush green golf course with tall pine trees under a clear blue sky. At the top center is the academy's logo, which includes a small icon of a classical building and the text "ROB NOEL GOLF ACADEMY" with "Money Hill" written below it. To the left of the main title is a large, detailed image of a white golf ball. The main title "Summer GOLF CAMPS 2019" is written in large, bold, green letters, with "2019" being the largest and set against a white brushstroke background. Below the title, on a dark green background, are the dates "June 18-21 or July 9-12", the time "9:00 - 12:00 pm", the age range "Ages 4-16", and the cost "\$275 per student". The address "77141 Money Hill Parkway Abita Springs, Louisiana" is listed below the dates. At the bottom, there are four small photographs showing children and adults participating in golf activities. The bottom section also includes contact information: "For more information please visit our website or call (985) 809-0060" and the website "www.robnoelgolfacademy.com". A small email address "RobNoel@mytmail.com" is visible in the bottom left corner.

Off with old. On with the new!

Replace your worn grips at RNGA

Now that summer is here - this is an ideal time to replace your old grips. We see many golfers who try to get some extended play with old worn out grips. Sometimes grip wear is hard to detect because it can be so gradual. The fact is, once the grips have worn out, more grip pressure is required to keep the club from slipping in your hands. This added grip pressure is costing you precious strokes...

Congratulations

To **Brandon Pierce** on his first professional win! More to come!

Congratulations to **Nicholas Arcement** on winning his second AJGA Championship, The Dominican Junior Open!

Testimonial Tuesday

"That was the best feedback I've ever had on my swing. It's all kinds of messed up and I was fitted for my old clubs with an incorrect swing...mind blowing! Yet somehow I used to play really well with them. I can't wait to see how I can improve my game and really have fun with it. Just like I truly I believe I am one of the best in my field around here because I strive to be better every day, I feel the same about your team. You love what you do and you know it well. Looking forward to more lessons and hopefully bringing my son for the junior clinics." - Jeff

Genetic engineering

Exploiting your DNA

You are what you are (swing speed), and you have what you have (driver), but when it comes to your launch DNA, we're the genetic experts you want to consult.

What if we didn't have to change your swing speed or your driver to add 10, 20, and even more yards to your tee shot?

By finding ways, with your current swing speed and driver, to influence your launch angle and spin rate, we can make a dramatic difference to your performance off the tee. For each of you, we can find a tee height, ball position at address, and angle of attack on the ball that can fundamentally change your launch DNA.

Challenge us, challenge yourself

Come and spend 30 minutes with us and let's see how we can modify your launch DNA to deliver performance you didn't dream you were capable of.

Start the journey

This is the greatest game on the planet. Every shot that feels right is a beautiful experience. Let's create more of them, and the game gets even better.

Step one

First we want to listen to your thoughts and observe your swing. We need to understand your constraints and opportunities.

Step two

Then we want to understand how improvement can change your experience and what would be most important to you. What is your real motivator?

Step three

Finally we agree on your personal plan for improvement. What can you achieve? How to get there as quickly as possible? It's your journey.

Book your assessment

How much better could you be?

How much more enjoyment could you have?
