A promotional poster for Rob Noel Golf Academy's Summer Golf Camps 2019. The background is a lush green golf course with tall pine trees under a clear blue sky. At the top center is the Rob Noel Golf Academy logo, which includes a small icon of a classical building and the text "ROB NOEL GOLF ACADEMY" and "Money Hill". To the left of the main title is a large, realistic white golf ball. The main title "Summer GOLF CAMPS 2019" is written in a large, bold, green font, with "2019" being significantly larger and set against a white brushstroke background. Below the title, on a dark green background, are the dates "June 18-21 or July 9-12", the time "9:00 - 12:00 pm", the age range "Ages 4-16", and the cost "\$275 per student". The address "77141 Money Hill Parkway Abita Springs, Louisiana" is listed below the dates. At the bottom, there are four small photographs showing children participating in golf activities: a group standing together, a group sitting on the grass, a child swinging a club, and a group of children's legs and feet. At the very bottom, there is contact information: "For more information please visit our website or call (985) 809-0060" and the website "www.robnoelgolfacademy.com".

Off with old. On with the new!

Replace your worn grips at RNGA

Now that summer is here - this is an ideal time to replace your old grips. We see many golfers who try to get some extended play with old worn out grips. Sometimes grip wear is hard to detect because it can be so gradual. The fact is, once the grips have worn out, more grip pressure is required to keep the club from slipping in your hands. This added grip pressure is costing you precious strokes...

PGA Jr. League makes us proud

We want to give a big applause to all of our players who played Sunday at Beau Chene.

Thank you parents as well for scorekeeping and helping out.

Testimonial Tuesday

"It had been 10 years since I visited The Rob Noel Golf Academy. My Henry-Griffitts Irons needed a complete overhaul. Michael Howes evaluated my

clubs and now we are changing the length, the lie, and even the shafts! I will be back once my clubs have been upgraded. Thank you Michael Howes for your expert help at The Rob Noel Golf Academy." - **Buzzy Landry**

Could you save 5 shots per round?

A simple test to benchmark your putting setup

The jury is out on this one. The evidence shows that, if one is more important than the other, then it's marginal. We think this myth has come about as the industry tries to educate golfers that weight is very important.

And it is.

If the angle of your putter face is just 2° out at impact then, even from just 6 feet you're going to miss.

If you miss most putts in the 6 – 12 foot range then the chances are you have a face angle challenge. For most, that problem starts at the address position. Benchmark your skill level:

Get a check-up

Improving your ability to square the putter face at impact will take up to 5 shots off your scorecard. There are some simple keys to that improvement.

So come and see us.

Enjoy the journey
