Ground under repair

It's going to be greener on our side

We are in the process of planting new grass for Springtime, all hard areas are being loosened and must be handled as GUR areas.

Don't let the frost get you down

Slice off the fairways

During the early hours of the Winter Mornings the Fairway might be a bit frosted. If you see any frost, try and stay on the side of the fairways.

A rundown on nine-hole scores

Handicaps News July 2019

This month we look at nine-hole scores and the changes that will be introduced on October 1 2019, as part of the transition to the World Handicap System.

2nd: Moshaad Motani - 40 c/o (R400)
3rd: Mike Figueira - 36 c/o (R500)

Spin: friend or foe?

This is a bigger deal than many think

A colleague of ours recently picked five golfers at random in his club. Three men and two women of differing ages. He spent 20 minutes with each one and their driver (along with alternative configurations).

Changing the spin rate with the same swing speed has a huge impact on the distance the ball travels. Too much backspin for the ball speed and the ball will have too much lift and balloon. Too little spin and the ball doesn't have enough lift and dies quickly. (Read The Magnus effect and Bernoulli's principle if you want more physics).

The laws of physics (proven with the data from hundreds of thousands of golf swings) means that those with slower swing speeds generally benefit from a higher launch angle and more spin, than someone with more aggressive swing speeds.

Matching swing speed, ball speed, launch angle, and spin rate on tee shots, will make upwards of 40 metres of difference for some golfers. How much difference would it make to you?

Don't let spin rob you

Book an assessment with us and let's find your personal launch DNA: the perfect match of launch and spin for the ball speed you're creating.

It's time to do something

What is happening to our children?

Right now, we have a younger generation who are expected to LOSE 5 years of expected life because of childhood obesity, poor nutrition and activity, and the rise of type-2 diabetes and coronary disease. Golf can help reverse this trend.

We need children to become more active. Of course, they need to participate in more than one activity, but golf should be one of the activities. It has everything for a child.

 <https://crown-golf.co.uk>

Start your child now

With young children we're not thinking about creating Tour superstars, we're trying to introduce them to a past-time that will offer them the chance to live an active and social lifestyle that will make them healthier for their whole life. It's time to do something.
