Nail your iron shots!

We hope you had a great 4th of July. We hope you lit up the golf course with your game and not fireworks!

The moment a firework explodes in mid-air is spectacular. In many ways, it reminds me of the feeling I experience whenever I make perfect contact with an iron. It's not the actual contact. It's the feeling I experience as I watch the ball soar and travel towards the target. In some ways even if it comes up short or travels a little long, the fact that I hit it perfectly gives me that explosion of joy.

I'd like to encourage more of you to see the game of golf as a journey towards being able to have that moment more frequently. Let us be your guide. [Contact us.](#)

Don't settle for less

Have more fun!

The first step to rapid improvement is to identify and prioritize the skills in your game that cost you the most shots.

Next, golfers must have a thorough understanding of their strengths and weaknesses within their golf fundamentals and technique.

Join me for a new student assessment

Play better and have more fun

Come see me and let's plan out your personal road to improvement.
