

Ali's Coaching Corner

A lower handicap in only 3 months

One of my star pupils, **Liam Cafferkey** has gone from strength to strength with his golfing development in such a short time. Liam had played excellent golf last Saturday, shooting 69 nett and winning his first junior monthly medal! Not only has Liam ticked off this milestone, but he has managed to reduce his handicap by a massive 10 shots in the space of three months! Well done, Liam and I look forward to working with you further.

I am available for private coaching all day Monday, Thursday and Friday.

It seems if you watch the adverts, that everything about the driver is now related to "speed". Faster clubhead speed. Faster ball speeds, wherever on the face you make contact with the ball.

But really, the starting point should be you. What is it you need? What improvement would most increase the enjoyment you get from your playing experience?

Fill in your survey

That's why we'd like you to complete this survey and let us know what's most important to you and your playing experience.

The Par 3 Advantage

Become a master of the Par 3s

Just 150 metres from the flag. You can place the ball on a tee, creating the perfect lie. This is an opportunity to put a low number on your card. For many, it's the chance for a net birdie. So what goes wrong?

We see four very common challenges. If you suffer from these, then they're easy to overcome.

Club selection

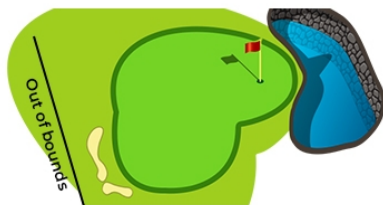

Most of you choose a club which, if struck perfectly, gets to the flag. As a minimum choose a club which if hit perfectly, gets you to the back of the green.

Ball position

We see a lot of golfers tee the ball up awfully high when using an iron. You should be trying to create the perfect lie.

Game management

Put the ball in the front of the green

Technique

We still see a lot of long irons in bags

Put the ball in the center of the green
away from trouble, and you have more
room for error. Don't go flag hunting
when the risk of a 5 or worse is staring at you.

We can see a lot of long irons in bags.
They're tough to hit consistently. But many of those
who've converted to hybrids have never had
a lesson to learn the technique with this club.

Make Par 3 improvement a priority

What improvement would make a difference to your Par 3 scorecard?

We want to help make you a Par 3 Master.
