Ali's Coaching Corner

Teamwork makes the dream work!

Congratulations to my superstar student **Marie Rosewarne** and her fabulous teammate **Velma Harding** for winning the **2019 Ladies Joan Irving Jug Matchplay**. All the great work has paid off.

Well done ladies.

Look at that score!

Gary Willis, one of her students, had a Nett 63 in the Tuesday men's Comp and one the other day!

Congratulations with that fantastic score Gary!

Narelle improves her ball flight

Well done to Narelle for implementing changes in this week's lessons.

They say a change is as good as a holiday! Are you ready to change your ball flight? Sick of the shape you're seeing?

Ready for a change?

Fall in love with golf

ENJOYMENT
matters to everyone.

It's not just children and young people that want to know that learning golf is a fun process right from the start. Anyone learning the game wants to know that.

LOVE

So introduce fun into someone's life.

If you have a spouse or sibling or friend that doesn't play golf, then introduce us to them. We can introduce them to the game making sure they're enjoying the experience right from the get-go. We'll make sure they're comfortable. We'll introduce them to people just like them. People who want to give golf a try. We'll help them make new friends and discover the thrill of a sweetly struck golf shot.

Send your details or contact us with their details.

Those are the days...

Great to see that despite his very busy schedule Surfers Paradises' very own resident "European Tour Professional", **Deyen Lawson**, still finds time to have a practice round with one of our up and coming junior golfers, **Eamon Lennon**. Hooray for school holidays!

Don't just get fitted

Get D.N.A fitted

Jake from Mizuno will be here **Thursday 3rd October** from **2-5 PM** to showcase the newest equipment from the new **MP-20 Irons** to the **ST190 Woods** range. Jake uses a patented "D.N.A Shaft Analyser" system to help pick out the best iron shafts to suit your swing and ultimately help improve your game.

If you think it's time to look at a new set of Mizuno's, [book in a fitting now](#).

Fitting for approach shot magic

Now
STOP IT

You've hit a #6 or even #5 iron shot into the green. When it lands, is it landing hot or soft? Are you going to hold the green?

A club fitting is more than just allowing you to hit the ball further and more accurately. We want to find iron technology that will help you hit iron shots that hit the green and stop.

TRAJECTORY

DESCENT

Especially with your mid irons we want to be able to launch the ball on a good trajectory. We want you to be able to attack the green, or, if you're a better player, the flag.

We all know that back spin helps to stop the ball as it lands. But spin, along with launch angle is also going to influence the descent angle into the green for better stopping power.

Now improve your approach

Book an assessment with us now. Let us look at your swing and technique; your irons and how the technology helps you. Let us improve the three dimensions above. Improve these and it increases the number of magical moments on the course.
