Women's Golf Day

WOMEN'S
GOLF DAY

WWW.WOMENSGOLFDAY.COM

Turtle Hill Golf Club at Fairmont Southampton is excited to host the Women's Golf Day for the fourth consecutive year on **Tuesday 4th June 2019**. The event will start at 4pm with golf followed by socializing.

Women's Golf Day is an experience happening globally where women and girls may experience golf for the first time or where current players may play and engage with women interested in golf - women's golf.

The Golf Day is a one-day event, celebrating girls and women playing golf and learning the skills that last a lifetime. The day consists of a choice between playing and coaching, followed by complimentary cocktails and socializing!

"We at Turtle Hill are excited to support this global movement and encourage women to see the benefits of golf for building relationships."

said **Scott Roy** - Director of Golf.

Scott continued, *"Turtle Hill is, in my opinion, the best course on the island*

for either beginners learning the game and gaining confidence to those who are experienced looking for a challenge. If you have ever considered playing golf, June 4th is the perfect day to start. If you're already a golfer, it's a great day to find new partners. No matter your playing ability, you're welcome to attend."

Join in on the fun

Participants have the option of:

Taking lessons

- 1/2 hour on the driving range or;
- 1/2 hour chipping and putting

Playing

- 9-Hole Scramble or;
- Play their own ball (*as long as the round can be completed in by 6pm*)

Then the fun really begins... two hours of socializing from 6 - 8pm.

Tickle Pink Tournament

The HGA is a group of golfers who play around the island and call Fairmont Turtle Hill home. On Sunday they played their Tickle Pink Tournament.

Over 40 players participated and sported their favorite pink attire.

Congratulations to **Lisa Chardson** for taking top honors with 37 points.

Jevon Roberts had low gross score of 56 followed by event organizer

Rajesh Pachai with a 59.

And the champion is...

Better distance

More birdies New golf balls in stock

Switch to the **Bridgestone TOUR B XS** to feel what it's like to gain control, distance, and a decisive advantage over the competition.

Feel for more birdies and distance to help you attack the course. The enhanced feel of the TOUR B XS comes from a softer cover as a result of the SlipRes technology. The TOUR B XS gets distance as a result of increased ball speed from the gradation core construction. Tee through green the TOUR B XS is designed to give you an edge on the course.

The world's first, and best-selling matte finish golf ball.

Patented high visibility matte finish in 11 different color options.

New oversized core maximizes distance for players with driver club head speeds of 70-90 mph.

Three piece construction designed to produce lower driver spin & higher wedge spin with a mid-to-high ball flight.

Matte finish ionomer cover with a 322 dimple pattern for a consistent stable ball flight.

Volvik compression rating of 75.

Extreme power and distance

Genetic engineering

Exploiting your DNA

You are what you are (swing speed), and you have what you have (driver), but when it comes to your launch DNA, we're the genetic experts you want to consult.

What if we didn't have to change your swing speed or your driver to add 10, 20, and even more yards to your tee shot?

By finding ways, with your current swing speed and driver, to influence your launch angle and spin rate, we can make a dramatic difference to your performance off the tee. For each of you, we can find a tee height, ball position at address, and angle of attack on the ball that can fundamentally change your launch DNA.

Challenge us, challenge yourself

Come and spend 30 minutes with us and let's see how we can modify your launch DNA to deliver performance you didn't dream you were capable of.

Start the journey

This is the greatest game on the planet. Every shot that feels right is a beautiful experience. Let's create more of them, and the game gets even better.

Step one

First we want to listen to your thoughts and observe your swing. We need to understand your constraints and opportunities.

Step two

Then we want to understand how improvement can change your experience and what would be most important to you. What is your real motivator?

Step three

Finally we agree on your personal plan for improvement. What can you achieve?
How to get there as quickly as possible?
It's your journey.

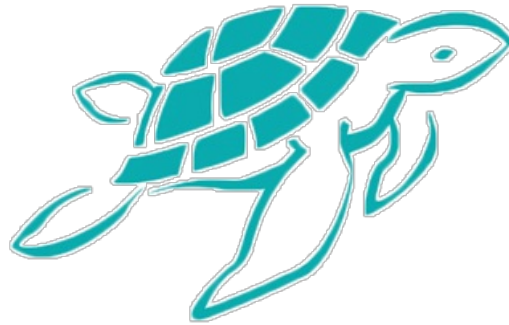

Book your assessment

How much better could you be?

How much more enjoyment could you have?
