EOGA is expanding!

Dear golfers,

Firstly, happy 2019! The festivities of 2018 are now well behind us and we must now tackle this new year. We have a lot of exciting news for you!

The most exciting one is that EOGA now has a presence in Gauteng! Our world-class training is now offered at **Killarney Country Club in Johannesburg**. This absolutely breathtaking site boasts a narrow park-style course which is both challenging and well-manicured with a par 70 layout of 6154m for men, and a par 72 for ladies playing at 5294m.

Our EOGA coach **Chalton Steyn** is based at Killarney. He is a young, fully qualified PGA member with a passion for every aspect of the short golf game. Chalton will take great care of all your golfing needs.

Chalton is eager to develop our EOGA world class training and is already setting up various drills for visitors and

Chalton is eager to develop your golf skills and is already setting up clinics and programs for members to try. Come and have a look at what we can do for your golf!

Contact him directly if you want to arrange private coaching on **060 650 9494** or chalton@eoga.co.za. He is waiting for your call to help you reach your full potential.

And that's not all! EOGA is starting a new journey at the **Metropolitan Golf Club**, one of South Africa's premiere golf courses. The Met, affectionately called by its members, has 18 holes, each with separate tees, together with 14 world-class greens that share 9 beautiful fairways.

Our head coach there has not yet been confirmed but we will inform you as soon as possible. Why not having a look at their stunning [website](#) while you wait to enjoy the beauty of this new site.

We will soon approach schools in the area to offer our Short Golf programs to Juniors. So if you are in the area and have been waiting for EOGA to come, we are coming soon!

EOGA Steenberg

EOGA Steenberg is already full on. All the lessons have started again. Juniors, elites, group coaching, are all happening. If you're unsure about where or when, [contact us](#).
