

## Why do you want to play better golf?

If you speak to fitness trainers many will tell you that a customer who says *"I want to lose weight"* is already a lost cause. It is insufficient motivation to stick with a fitness program. What good trainers will do is push their customer to think about *why* they want to lose weight. They will try and focus them on an emotional experience they want to enjoy or improve as a result of better conditioning and a loss of weight.

Golf is the same. For most of us, *"I want to lower my handicap"* is not actually a great motivator to stick with an improvement plan. The question is: why do you want to shoot lower scores? What is the experience you want to enjoy or improve? Can you define it, and can you describe it as an emotional feeling?
