Greetings from your DGC Team | Bringing your club closer

Congrats, JP Strydom!

JP Strydom wins The Tour Championship

Our very own Jean-Paul Strydom won the Tour Championship held at Serengeti Estates. This is his first win on the Sunshine Tour and we are so proud of his hard work over the season and it finally paid off.

JP shot an incredible **66** on the final day to win by 1. *"I'm speechless",* he said. *"It's an amazing feeling. I've been close a couple of times now. I've been playing well and I'm just glad I could pull one off. I wasn't looking good last year. Somehow, I found something and here we are."* Well played JP, we have loved following your career and we know there are many more victories to come.

Captain's Corner

We are well into Autumn and every season brings new challenges to a golf course. Last year this time our greens were suffering from a terrible outbreak of Anthracnose brought on by the drought, high number of rounds and poor quality of water.

This year members will have noticed many wet spots in front of some greens and on some of the fairways. This is a result of **Load Shedding**. Every time the power goes off our two main pumps, jockey pump and the hydraulic pump switch off and all the pressure keeping the sprinklers down is lost and many of them open up spray and weep water.

Our greens superintendent **Chris Kitson** has had his work load doubled as each time the power goes off he has to restart the computers, refill the lines and set new watering programs. We thank Chris for his dedication to DGC for keeping the course in a wonderful condition while operating in such difficult circumstances. With the expected cooler temperatures ahead we start our seasonal practices soon with hollow-tinning on the 7th April with play resuming on Wednesday 10th afternoon field. Other construction / course improvements will follow in the winter months and there will be some disruption but STM will try and keep it to a minimum. Please be patient during this period. Some of the work includes the following:

- **9th hole:** Split the existing front left bunker into two bunkers and widen the green entrance
- **11th hole:** Add new Blue tee 30mtr in front of White tee.
- **15th hole:** Replace the soil in the existing White tee.
- **16th hole:** Add new Blue and Red tee box.
- **17th hole:** Move the left bunker further back and widen the green entrance.
- **18th hole:** Split the existing right green side bunker into two bunkers and widen the green entrance.
- **All bunkers:** Remove the cloth / geotextile linings and clean all drainage.

In February we had an unfortunate incident at the club between our manager Sean Verdon and an ex member who refused to pay for his green fees in the pros hop before starting his round. The incident has been investigated by the committee and Sean Verdon has been cleared of any

wrong doing in this matter.

I am very pleased to announce that eight of the Debenture holders have already been paid while the remaining fourteen (R5 900 00) will be paid to members on their maturity dates.

A huge congratulations to our very own **JP Strydom** winning The Tour Championship last week, securing his first Sunshine Tour win! We are sure this is the first of many wins to follow. Well played Jean-Paul we are very proud of you at DGC! Also in March we congratulate **John Hamilton** who was elected as President of the WP Seniors Golf Society. I am sure John will do DGC proud during his term of office. Our junior golfers have more than excelled in March at various events around the country. DGC is blessed with some of the best junior golfers in the Western Province, many thanks to Lana at PMG for her commitment and dedication. Congratulations to all of you!

Seniors' League

In the third round of the 2019 season played at Kuilsriver Golf Club, the Seniors League team were pipped 3-2 by a strong Strand team who, along with Bellville, remain unbeaten at the top of the League.

Suat Palanduz and TJ Lee were made to work hard to maintain their

unbeaten record, but with both securing birdies on the 17th before winning the 18th, they got the team off to a winning start 2 up.

Behind them, **Pieter van Wyk and Winston Heunis** were always behind and went down 4&2 before **Neil Rix and Gordon Simmons**, level at the turn, were undone by a blitz on holes 10, 11 and 12.

The new pairing of **Bert Vos and Bob Rees** dovetailed well to secure an excellent 5&3 victory leaving the final result once again dependent on the fifth pairing. With the match score at 2-2, our **Mike Rolfe and Allan Kearsey** three times came back from seemingly hopeless positions only to be pipped 2&1.

Whilst it is disappointing to have lost out by just one game in two of our first three matches, both losses have been to two of the stronger teams in the League. To date, Strand and Bellville have between them lost only six of their thirty games – four of them to Durbanville!

Our next opponents are Somerset West at Paarl on 15 April.

Other News

A huge Congrats to **Jerry Hamman** for making a Hole-in-One on the 7th hole during their weekly Senior Society Competition.

League News

Well done to **Travis Procter** who played some excellent golf to win the St Andrews match play trophy. The competition was played in a great spirit with several surprise wins being experienced in the match play format. All interested members are urged to enter into the Club Match play competition that will be started in April. The current entry rate has been low which is a pity as members typically enjoy this competition and the friendly rivalry that it brings.

The Masters and the Mid-Amateur teams continue to represent the club tenaciously. Unfortunately neither team is able to qualify for the semi-finals of their respective leagues, but both teams are playing for pride and to finish the season on a positive note. Both teams are currently in 4th position with a handful of games remaining to improve on their position.

Mathew Herbert

Social Golf in New Zealand

I have just returned to New Zealand from a lovely holiday in South Africa, and I wish to thank Captain Andre' and everyone else for extending to me a very warm welcome. It really was a treat to play on the beautiful course of Durbanville. The procedure followed in respect of the score cards intrigued me.

Score Cards:

All the clubs in the world now use the new handicapping system but I noticed a marked difference between Durbanville and New Zealand in how score cards are handled. The system at Durbanville is somewhat laborious and time-consuming, with each player's details being individually filled in on the tee by the Marshalls, using information on a print-out obtained from the pro shop. What happens when it rains in winter?

Most clubs here in NZ employ a very efficient DotGolf Electronic Scorecard, and I have attached a sample copy thereof overleaf. The system is very simple to operate and results are obtained within seconds. It works as follows:

You enter your membership number into the computer;

The competition of the day is already programmed into the computer, so you just enter your preferred tee. You can even elect to enter for 2-clubs. The computer then tells you what amount you have to pay for the game;

Your card is printed, together with details of your preferred tee, handicap index, course handicap, slope and CR; provision is also made for your

partner's details to be printed (but most games here are singles competitions);

In addition each hole on the card indicates how many strokes you get on that particular hole (very handy!!);

As you play you enter your score on each hole, and you also mark with an "X" your matching score on the grid;

After completion of your round you pop your signed card back into the computer, which then scans the card grid;

Within seconds the computer shows you your gross score plus your score for the competition of the day, whether it is a stableford, medal, or par (known in SA as "Singles Bogey" - "Bogey +" is not played here in NZ);

So you do not even have to total up your scores. You must just ensure that the "X" scores are correctly placed on the grid and that these "X" marks correspond with the scores reflected on your score card. The computer does the rest.

Once all the cards are handed in the computer gives the overall results of the day's competition within seconds.

You do not have to enter your scores anywhere, even if you play at another club, and you do not have to worry about penalty scores for not entering your score within 72 hours, because the computer automatically enters your scanned scores into the handicapping system, hole-by-hole. This ensures that a golfer cannot enter fictitious scores into the system. You can call up your hole-by-hole scores later on at home and reflect on all your poor shots at holes 8, 15, 17, for instance. [I usually have to reflect on poor shots holes 1 – 18]

But there is a potential stumbling block to this system which I am sure can be sorted out by appropriate software. You will see from the card that the grid system is really geared to singles competitions as most competitions here in NZ are singles competitions, whereas in SA most competitions are "4 BBB" competitions. The card does actually provide for 4BBB scores, and I have asked my pro shop how the grid system copes with your partner's scores, and he said that every player will have to get his/her individual card,

but the computer would then sort out the 4 BBB scores later. How? He did not seem to know, but there must be a solution because there is provision for 4 BBB on the card.

So, although there is a practical problem relating to 4 BBB scores the system works and it is worth investigating to see whether the system can be tailored to Durbanville's needs. Good golfing.
