New Year, New Rules

HNA Update

Please take note of the important changes that have come into effect as from the 1st of October.

As part of the transition to the **World Handicap System**, we will be changing our maximum score allowed per hole, effective from the **1st October 2019**, to a Net Two Over Par (sometimes referred to as a Net Double Bogey).

The current method of determining your maximum score for the hole is a maximum of 2 over par, unless you have two Course Handicap strokes on a hole, in which case you must enter a 3 over par.

From the 1st October 2019, the maximum score on any hole for your Handicap Score will be a Net Two Over Par (or Net Double Bogey), which is equal to Zero Stableford points. (Note: a net score on a hole is your Gross Score less any Course Handicap Strokes you have on that hole, while a Bogey is a 1-over-par score.)

Example:

If a golfer has a Course Handicap of 18, they get 1 handicap stroke per hole, so they must enter a maximum score of 3 over par on any hole where they blow out. If a golfer has a handicap of 9, then on stroke holes 1 to 9 they must enter a maximum score of 3 over par on those holes and, on stroke holes 10 to 18, a maximum of 2 over par.

If you are in any doubt about maximum scores, please ask your club to assist you. Alternatively, you can enter your actual gross score on each hole on your HNA Phone App, the club terminal or at www.handicaps.co.za. The system will automatically adjust your score to your maximum allowed on a hole according to your Course Handicap when you press "Enter Score".

The effect of this change to the maximum score allowed on a hole will result in Handicap Indexes, on average, going up. However, the simultaneous change of the Handicap Calculation to the average of the best 8 of the last 20 scores on the 1st of October (as covered in this previous newsletter), should ensure that the overall effect on your handicap over time will be minimal.

No more preferred lies/placing from 01 October 2019:

Preferred lies/placing will only be in play should the golf officials or tournament committee deem a certain area on the fairway as GUR and allow preferred lies/placing for a day or a season.

It has been decided by the Committee of Bloemfontein Golf Club that we will continue with placing until such stage that the fairways are good enough to warrant no preferred lies.

It is important to note that if it has not been communicated to you that there are preferred lies/placing in certain areas, you assume that there is no preferred lie/placing.

Please take note:

Due to the installation of a new telephone system, we have dropped one of our incoming lines. The only landline number we currently have in use is: **051 4470906**.

Unlock extra distance

More important than swing speed is how that speed is transferred to the ball.

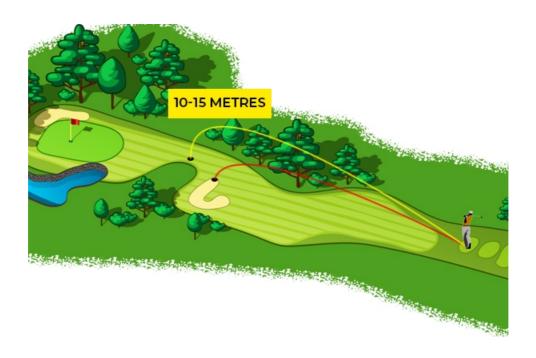

Solid contact is all important

Just half an inch off-centre can cost you up to 10-15 metres with your driver. That can be the difference between carrying a fairway bunker and being plugged in one. You're actually better off squaring the club with a lower clubhead speed than mishitting with a higher clubhead speed. We can get you closer to the centre.

One of the best parts of our jobs is getting to spend a couple of hours out on the course with a member or golfer we don't yet have a relationship with.

At the end of 9 holes that's another goller who we understand a little more about. And that means it's another golfer who we can introduce to a better golf game, to a fun event they didn't know about, or to another fun group in the club.

Discover a better experience

If you'd like us to reach out and see if we can schedule 9 holes with you (and perhaps a couple of other members), then please let us know.
