If you have any questions, please

Let us know >

## Are your clubs making the game harder?

**Struggling with a fade or wild slice off the tee?** *Your driver shaft could be making it difficult for you to square the club face at impact.*

**Do you fear the prospect of hitting a long iron on your approach?** *Playing with the right lie angle helps to improve accuracy and ball striking with your irons.*

**Are you using one wedge for all shots within 50 yards?** *Having several types of wedge bounce and grind at your disposal will help you get up and down in fewer shots.*

## A better playing experience

Once we know your game and club setup, we'll advise you on simple changes you can make to transform your golfing experience. Golf should be a joy, not a struggle. Let's talk about your game.

## Golf can enrich childhood

Golf courses are safe environments that offer children exercise, friendship, learning, accomplishments and fun. It's a place where they can make positive memories and connections for life.

---

*Our lives have become fast-paced and disconnected. Saturated with screens and information. For our children, it's only going to get more hectic and pressured. Let's encourage them to spend time away from that pressure and more connected with friends and the outdoors.*

**Give them the gift of golf**

If you have a child or grandchild, getting them into golf could be the greatest gift. If you'd like to know more about junior golf opportunities, then please,
